8. On or about October 16, 2010, while employed as a staff nurse with Methodist Dallas Medical Center, Dallas, Texas, Respondent failed to document nursing assessments and interventions for Patient CM in the patient's medical record. Respondent's conduct resulted in an incomplete medical record that subsequent care givers would rely on to provide further patient care.
9. On or about October 17, 2010, Respondent failed to indicate the documentation of the nursing assessment for Patient CM on October 16, 2010 was a "Late Entry." Respondent's conduct resulted in an inaccurate medical record that subsequent care givers would rely on to provide further patient care.

12. In response to the incidents in Finding of Fact Number Eleven (11), Respondent states she did not administer the medications to the patient at the request of the wife who had the Power of Attorney. Respondent states the wife stated that the patient was experiencing loose stools, and she did not want him to have the stool softener or the blood thinner that morning.
13. On or about October 16, 2010, and October 17, 2010, while employed as a staff nurse with Methodist Dallas Medical Center, Dallas, Texas, Respondent failed to notify the physician that Patient CM had not received the ordered medications, as required. Respondent's conduct deprived the physician of necessary information to initiate timely medical interventions that may have been required to stabilize the patient's condition.
14. 15. On or about January 1, 2011, February 5, 2011, and February 20, 2011, Respondent called in unauthorized prescriptions to Walgreens Pharmacy using the Drug Enforcement Agency number of a physician at her former place of employment, FastER Care, in Richardson, Texas. Respondent's conduct placed the physician and pharmacy in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
16. In response to the incidents in Finding of Fact Number Fifteen (15), Respondent states she was treated for chronic back pain by one of the FastER physicians with Vicodin and Norco, and their customary practice was for employees to call in valid prescriptions for other employees to local pharmacies for pick-up. Respondent states the prescription refills in question date from January 2011 and February of 2011, after her employment with FastER had ended. Respondent states she contacted FastER to request a renewal of her prescriptions, which were called in by Amanda Simants to two Walgreen's pharmacies in January and February.

17. On or about February 20, 2011, was attempting was arrested on February 20, 2011, by Rowlett, Texas, Police Department officers, and charged with Fraud Possession of Controlled Substances/Prescription Sch I/II, Felony-2nd Degree for the conduct described in Finding of Fact Number Fifteen (15).
18. In response to the incident in Finding of Fact Number Seventeen (17), Respondent states she believes the administration's reaction and desire to file charges can be attributed to the administration's understanding that its practice of having its employees call in prescriptions for other employees and former employees may not have been in compliance with proper practice. Additionally, Respondent believes that it was in their interest to deny any prescriptions called in by her.
19. On or about November 8, 2011, Respondent pled guilty to POSSESSION OF DANGEROUS DRUG (a Class A Misdemeanor offense that occurred on February 20, 2011) in the 439th Judicial District Court Rockwall County, Texas, Cause No. 2-11-311. 12.
