Number 645419, Issued to §  
SHARLA A. CAMPIONE, Respondent § BOARD OF NURSING

### FORMAL CHARGES

This is a disciplinary proceeding under Section 301.452(b), Texas Occupations Code. Respondent, SHARLA A. CAMPIONE, is a Registered Nurse holding license number 645419, which is in current status at the time of this pleading.

Written notice of the facts and conduct alleged to warrant adverse licensure action was sent to Respondent at Respondent's address of record and Respondent was given opportunity to show compliance with all requirements of the law for retention of the license prior to commencement of this proceeding.

#### CHARGE I.

On or about July 23, 2009, while employed as a Registered Nurse with Children's Medical Center, Dallas, Texas, Respondent lacked fitness to practice professional nursing in that she was observed to have slurred speech, an unsteady gait, and Respondent's eyes were bloodshot. Additionally, Respondent was observed to have trouble concentrating and was unable to communicate clearly. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10)&(12), Texas Occupations Code and 22 TEX. ADMIN. CODE §217.12(5).

#### CHARGE II.

On or about July 23, 2009, while employed as a Registered Nurse with Children's Medical Center, Dallas, Texas, Respondent was required to provide a for cause drug screening specimen. The Respondent reported possessing a prescription that would explain the positive result on the drug test. Therefore, the test was ruled as "negative". However, the medical review officer recommended that the Respondent should not be returned to a safety-sensitive position until her fitness for duty while using the medication was medically confirmed. The use of prescription medication by a Registered Nurse, while subject to call or duty, could impair her ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing her patients in potential danger.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10)&(12), Texas Occupations Code and 22 TEX. ADMIN. CODE §217.12(5)&(10)(A).

### CHARGE III.

On or about May 11, 2011 through May 12, 2011, while employed as a Registered Nurse with Baylor University Medical Center, Dallas, Texas, Respondent documented the administration of medications to patients when the pre-assessment data did not indicate a need for the medications and then Respondent failed to document or accurately document the justification for the administration or changes in the patient's condition that would justify the administration of these medications, as follows:

DATE	PATIENT	PHYSICIAN'S ORDERS	PYXIS RECORDS	MEDICATION ADMINISTRATION RECORDS	NURSES' NOTES	WASTAGE
05/11/2011	60169720	Zolpidem 5mg Tab qhs PO  Hydrocodone 7.5/325 1-2 Q6hr Prn Pain  Morphine 2mg IV Q4hr PRN Pain	Removed Zolpidem 5mg @ 9:23pm Hydrocodone 7.5/325 2 tab @ 9:24pm  Morphine 2mg inj @ 9:24pm	Documented all as given @ 2140	Assessment at 2100 indicated no pain or discomfort.  No documentation of justification for PRN medications given.	None
05/12/2011	60176570	Hydrocodone 5/325 Tab 1 Q4hrs PRN Pain  Zolpidem 5mg qhs PO PRN Insomnia  Chlordiazepoxide 10mg PO Q8hrs PRN Anxiety  Alprazolam 0.5mg PO Q6hrs PRN Anxiety	Removed @ 2:59am  2:59am  3:00am  3:01am	Documented all as being given @ 0306	Assessment at 0020 indicates no pain, quite, calm and attentive.  No documentation of justification for PRN medications given.	None

Respondent's conduct was likely to injure the patients in that failure to administer medications as ordered by the physician and document changes in the patients' condition could have resulted in nonefficacious treatment and could result in the patients suffering from adverse reactions.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10)&(13), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.11(1)(B),(C)&(D), and 22 TEX. ADMIN. CODE §217.12(1)(A)&(C).

NOTICE IS GIVEN that staff will present evidence in support of the recommended disposition of up to, and including, revocation of Respondent's license/s to practice nursing in the State of Texas pursuant to the Nursing Practice Act, Chapter 301, Texas Occupations Code and the Board's rules, 22 Tex. Admin. Code §§ 213.27 - 213.33. Additionally, staff will seek to impose on Respondent the administrative costs of the proceeding pursuant to Section 301.461, Texas Occupations Code. The cost of proceedings shall include, but is not limited to, the cost paid by the Board to the State Office of Administrative Hearings and the Office of the Attorney General or other Board counsel for legal and investigative services, the cost of a court reporter and witnesses, reproduction of records, Board staff time, travel, and expenses. These shall be in an amount of at least one thousand two hundred dollars (\$1200.00).

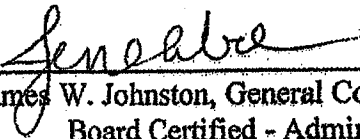

NOTICE IS GIVEN that all statutes and rules cited in these Charges are incorporated as part of this pleading and can be found at the Board's website, [www.bon.texas.gov](http://www.bon.texas.gov).

NOTICE IS GIVEN that to the extent applicable, based on the Formal Charges, the Board will rely on Adopted Disciplinary Sanction Policies for Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder, which can be found at the Board's website, [www.bon.texas.gov](http://www.bon.texas.gov).
