Effective this 19th day of July, 2012.

of said Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse	§	AGREED
License Number 588681	§	
issued to RACHAEL DIANE CHILDERS	§	ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of RACHAEL DIANE CHILDERS, Registered License Number 588681, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10)&(12), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on April 8, 2009, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent holds a license to practice professional nursing in the State of Texas, which is currently in delinquent status.
4. Respondent received a Baccalaureate Degree in Nursing from Baylor University, Dallas, Texas, on December 16, 1992. Respondent was licensed to practice professional nursing in the State of Texas on March 23, 1993.

5. Respondent's professional nursing employment history includes:

03/93-10/03	Unknown	
10/03-02/06	RN	Texas Scottish Rite Hospital Dallas, Texas
02/06-04/06	RN	Medical City Dallas Hospital Dallas, Texas
04/06-Present	Not employed in Nursing	

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Medical City Dallas Hospital, Dallas, Texas, and had been in this position for approximately two (2) months.
7. On or about April 5, 2006, while employed as a Registered Nurse with Medical City Dallas, Hospital, Dallas, Texas, Respondent lacked fitness to practice professional nursing in that she was unable to focus, and was falling asleep while on duty. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. On or about April 5, 2006, while employed as a Registered Nurse with Medical City Dallas, Hospital, Dallas, Texas, Respondent produced a specimen for a drug screen which resulted positive for Amphetamine, Methamphetamine, Benzodiazepines and Opiates. Possession of Amphetamine, Methamphetamine, Benzodiazepines and Opiates, without a valid prescription, is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Amphetamine, Methamphetamine, Benzodiazepines and Opiates by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states: She failed a drug screening at her place of employment and elected to participate in TPAPN. She was meeting all the requirements until around six months into the program. The combination of her financial situation and inability to secure a job in Nursing left her frustrated and depressed, and she decided to leave the Nursing field.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
11. Formal Charges were filed on October 1, 2008.
12. Formal Charges were mailed to Respondent on October 9, 2008.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9),(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(E),(5),(10)(A)&(D)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 588681, heretofore issued to RACHAEL DIANE CHILDERS, including revocation of Respondent's license to practice nursing in the State of Texas.

Any relapse prior to the completion of the twelve (12) consecutive months of sobriety will result in an extension of the enforced suspension until such twelve (12) consecutive months of sobriety and additional treatment have been attained.

IT IS FURTHER ORDERED that Permanent Certificate Number 588681 previously issued to RACHAEL DIANE CHILDERS, upon receipt of this Order, be immediately delivered to the office of the Texas Board of Nursing.
