BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 631039 §
issued to TRACY TYNER § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of TRACY TYNER, Registered Nurse License Number 631039, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on October 18, 2011, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1996. Respondent was licensed to practice professional nursing in the State of Texas on July 2, 1996.
5. Respondent's nursing employment history is unknown.
6. On or about January 6, 2010, Respondent was arrested by the Flower Mound Police Department, Flower Mound, Texas, for POSS DANGEROUS DRUG, a Class A misdemeanor offense (Offense No. 10-746), and for FORGE/INCREASE PRESCRIBED QUANTITY/DANGEROUS DRUG - 2 COUNTS, Class B misdemeanor offenses (Offense No.

10-654 and Offense No. 10-746). On or about April 26, 2011, Offense Nos. 10-654 and 10-746 were rejected by the Denton County District Attorney's Office, Denton County, Texas, for the reason: "Defendant has successfully completed one year Pre-Trial Diversion Program."

7. In response to Finding of Fact Number Six (6), Respondent states that she has a history of back problems with extreme pain, which began in 2001. In 2002 she was able to stop using pain medication after a lengthy process with no diagnosis and no relief, after going to a chiropractor. The pain began again in 2007, and she was unable to see the same chiropractor who had helped her before. Late in 2008, she decided to forge a prescription for Tramadol. On January 2, 2010, she forged a prescription in her deceased grandmother's name. The pharmacy called her and told her there was a problem with the prescription. She then forged another prescription and dropped it off as a corrected prescription. She was arrested on January 6, 2010, when she went to pick up the prescription. Respondent states she began seeing a therapist, Rycke Marshall, Ph.D., Dallas, Texas, in January 2010. She completed her one year Pre-Trial Diversion on April 20, 2011.
8. Respondent underwent a chemical dependency evaluation with Dr. John Lehman, Ph.D., Richardson, Texas, on September 26, 2011. Dr. Lehman found that Respondent was caught once for forging a prescription for Tramadol, but had forged similar prescriptions twice before. Dr. Lehman states that Respondent's primary issues have been with a diagnosable Pain Disorder. He believes that her actions were extremely poor judgment; however, he does not believe Respondent has a chemical dependency issue. However, since there has been a link between psychological pain issues and the use of medication, he suggests that Respondent be monitored by the BON for 1-2 more years to assure she continues to recover, which should be sufficient to assure that she is well into her recovery, as she has already been monitored for one year by the probation office.
9. The Board finds Respondent fit to practice based upon review of psychological evaluations. In recognition of the correlation between impaired nursing care due to intemperate use of controlled substances or chemical dependency and to ensure the Respondent's prior behavior does not recur, the Board recommends the Respondent be monitored for two (2) years to assure continued recovery.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(5),(10)(E)&(13).

4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 631039, heretofore issued to TRACY TYNER, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
