Executive Director of the Board

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 120288 §
issued to PATRICIA ANN CHATMAN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of PATRICIA ANN CHATMAN, Vocational Nurse License Number 120288, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on November 23, 2011, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Texarkana Community College, Texarkana, Texas on August 25, 1987. Respondent was licensed to practice vocational nursing in the State of Texas on May 26, 1988.
5. Respondent's nursing employment history includes:

1988 - 1991	Staff LVN	Wadley Hospital Texarkana, Texas
-------------	-----------	-------------------------------------

Respondent's nursing employment history continued:

1992 - 1993	Staff LVN	Tri-City Hospital Dallas, Texas
Unknown	Staff LVN	Health South Hospital Dallas, Texas
Unknown	Staff LVN	Select Speciality Hospital Dallas, Texas
2001 - 2008	Staff LVN	Kindred Hospital Dallas, Texas
6/2006 - 9/2009	Staff LVN	Vibra Specialty Hospital Dallas, Texas
2007 - present	Staff LVN	Dallas L-Tach Dallas, Texas

6. At the time of the initial incident, Respondent was employed as a Staff Licensed Vocational Nurse with Vibra Speciality Hospital, Dallas, Texas, and had been in this position for two (2) years and five (5) months.
7. On or about September 5, 2009, while employed with Vibra Specialty Hospital, Dallas, Texas, Respondent failed to correctly and safely administer a Morphine infusion to Patient Medical Record Number 1023 in that she administered Morphine at "28 ml/hr" instead of "2.8 ml/hr." Respondent's conduct was likely to injure the patient in that the administration of Morphine in excess frequency and/or dosage of the physician's order could result in the patient suffering from symptoms of an overdose, including respiratory distress, coma and even death.
8. On or about September 19, 2009, while employed with Vibra Specialty Hospital, Dallas, Texas, Respondent failed to administer Clinimix, a total parental nutrition (TPN) infusion to Patient Medical Record Number 4001051 at 2100 as ordered by the physician. Respondent's conduct deprived the patient of required nutrition, which placed the patient at risk of non-efficacious treatment.
9. In response to Finding of Fact Number Seven (7), Respondent states that she took care of this patient four (4) days in a row and states the patient was on a morphine drip with an order that was written to titrate morphine drip until the patient was free of pain. According to Respondent, when she repositioned the patient in bed he was crying and moaning so she increased the dosage back to the 28ml/hr that the patient was receiving two (2) days previously. Respondent explains that she discovered the error when she called the pharmacy, who informed her the bag was supposed to last three (3) days.

10. In response to Finding of Fact Number Eight (8), Respondent states that she received report that the patient's Clinimix was to be administered at "...8:00 and the 9:00 dosage would change." Respondent explains that she works 6am-6pm and administered the Clinimix at 8:00a.m. Respondent states that she received a call later from the supervisor who informed her that the Clinimix was not supposed to be administered until 8:00 p.m.
