BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 685868 §
issued to SILVIA YOLANDA FUENTES § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SILVIA YOLANDA FUENTES, Registered Nurse License Number 685868, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on December 21, 2011, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate in Nursing from West Texas A&M University, Canyon, Texas, on March 8, 2002. Respondent was licensed to practice professional nursing in the State of Texas on April 23, 2002.
5. Respondent's nursing employment history includes:

4/2002-5/2003	RN Covenant Hospital Lubbock, Texas
---------------	---

Respondent's nursing employment history continued:

1/2003-12/2004	RN Texas Children's Hospital Houston, Texas
1/2004-5/2007	RN Pulse Staffing Houston, Texas
1/2004-9/2007	RN Methodist Willowbrook Hospital Houston, Texas
10/2007-1/2011	RN Memorial Hermann Katy Hospital Katy, Texas
2/2011-Present	Unknown

6. At the time of the incident, Respondent was employed as a RN with Memorial Hermann Katy Hospital, Katy, Texas, and had been in this position for three (3) years and one (1) month.
7. On or about November 6, 2010, while employed with Memorial Hermann Katy Hospital, Katy, Texas, Respondent falsely documented in the medical record for Patient Medical Record Number 45255740 that she had conducted one car seat challenge with the infant. Respondent documented that the car seat challenge was completed and that the infant had passed the challenge. Respondent actually conducted the test twice. When it was brought to Respondent's attention, by another nurse on duty, that the infant's oxygen saturation had dropped into the 60's during the first challenge Respondent repeated the challenge and only documented the results of the repeated challenge. Respondent's conduct resulted in an inaccurate medical record which was likely to deceive subsequent care givers who relied on the information while providing care to the patient and exposed the patient unnecessarily to a risk of harm.
8. On or about November 6, 2010, while employed with Memorial Hermann Katy Hospital, Katy, Texas, Respondent left Patient Medical Record Number 45255740, an infant unattended in a car seat in the hallway of the hospital's nursery unit during which time the infant's oxygen saturation dropped to 66%. Respondent's conduct exposed the patient unnecessarily to risk of harm from hypoxia.

9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that she started the first car seat challenge at 2:15 a.m. and at approximately 3:10 a.m. the infant had no alarms or de-saturations. Respondent states she announced to the other level 1 nurses present to observe and assist in the car seat challenge to listen for any alarms. At 3:15 a.m. another nurse, who was working in the Level II nursery, alleges she heard an alarm coming from the baby being monitored outside of the Level 1 nursery. The two nurses working in the nursery didn't hear an alarm. Respondent states that when she returned from delivering another infant to its mother, she was informed by the Level II nursery nurse that the infant was blue and had alarmed with a oxygen level of 66%. Respondent states she immediately examined the infant, found the infant to be ok, and inspected the monitor but found no digital printouts, saved alarm codes, or alarm resets. Respondent states that due to the other nurse's allegation that the infant had de-sated, she opted to repeat the challenge and when the infant passed that challenge also, she documented the challenge in the medical record.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(D)&(1)(M) and 217.12(1)(C),(4),(6)(A)&(6)(H).
4.
