## BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of Vocational Nurse                   §  
License Number 202891                               §     AGREED  
issued to ANGELINA R. WILLIAMS               §     ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ANGELINA R. WILLIAMS, Vocational Nurse License Number 202891, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10)&(12), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on November 14, 2011, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

### FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from McLennan Community College, Waco, Texas, on December 8, 2005. Respondent was licensed to practice vocational nursing in the State of Texas on February 14, 2006.
5. Respondent's vocational nursing employment history includes:  
  
2/2006 - 5/2006           Unknown

Respondent's vocational nursing employment history continued:

|                 |     |   |

6. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Texas Home Health Skilled Services, Waco, Texas, and had been in this position for two (2) years.
7. On or about March 29, 2008, while employed with Texas Home Health Skilled Services, Waco, Texas, Respondent lacked fitness to practice vocational nursing in that she entered into intensive outpatient treatment at DePaul Center, Waco, Texas, for Alcohol and Cannabis abuse. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. On or about August 6, 2009, while employed with Exceptional Home Health, Tyler, Texas, Respondent lacked fitness to practice vocational nursing in that she admitted to relapsing on Alcohol and/or Cannabis. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
9. On or about October 23, 2009, while participating in the Texas Peer Assistance Program for Nurses, Respondent engaged in the intemperate use of Alcohol in that she provided a specimen for a drug screen which resulted positive for Alcohol and she admitted to relapsing on Alcohol. The use of Alcohol by a Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
10. In response to the conduct outlined in Findings of Fact Number Seven (7) through Nine (9), Respondent admits, as she did previously to TPAPN, to separate slips in her sobriety in August and October of 2009. Since she was expelled from TPAPN, and on the advice of her case manager, she has enrolled, and is about to complete, in an intensive inpatient treatment program and has continued to attend support group meetings. She has been subjected to

random drug screening at the treatment center, all of which have been negative. Attorney Dan Lype states in a subsequent correspondence to the Board that Respondent has participated at the Life House, a Christian based recovery program, and has been testing through his office via a random drug screening protocol identical to that utilized by Board staff. Respondent intends to continue testing throughout the course of the Board's investigation to verify her continued sobriety.

11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9),(10)&(12), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(B),(4),(5),(10)(A)&(10)(D).

WILLIAMS, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
