

Respondent's professional nursing employment history continued:

2005-2007	RN	Conroe Regional Hospital Conroe, Texas
2006-2010	RN	Bayou City Home Health Care Houston, Texas
2008-2010	RN	Beacon Home Health Missouri City, Texas
1/13/10-02/14/10	RN	AAA Quality Home Healthcare Houston, Texas
2/2010-Present	RN	Memorial Hermann The Woodlands Woodlands, Texas

6. At the time of the incident, Respondent was employed as a home health nurse with AAA Quality Home Healthcare, Houston, Texas, and had been in this position for approximately three (3) weeks.
7. On or about February 1, 2010 and February 3, 2010, while employed as a home health nurse with AAA Quality Home Healthcare, Houston, Texas, Respondent falsified physical assessments and hours worked by submitting (4) four electronic nursing visit slips for Patients Medical Record Numbers NH746, NH794, NH814 and NH 815; it was later verified that she had not performed these visits. Respondent's conduct resulted in inaccurate medical records and was likely to deceive subsequent care givers who relied on the accuracy of the information while providing care to the patient. In addition, Respondent's conduct was likely to defraud the agency of payment for hours that she did not provide nursing care.
8. In response to the incidents in Findings of Fact Number Seven (7) Respondent states that she was employed as a field nurse to provide home care to clients who were homebound. While employed at AAA Home Healthcare an unintentional incident occurred. She states that she mistakenly submitted skilled nurse's notes on G. H. NH815; V.O. NH814; N.H. 746; and V.J. NH794 the week of 2/1/10. She states she was very busy that day and she was leaving town and did not want her notes to be late. In the future she will take her time submitting documentation and it will not happen again. The incident in question has made her realize that she needs to be more attentive to her charting and not be in a rush. This incident has definitely changed her work habits and made her realize that she must be more proficient as a nurse to prevent any mistakes from happening.
