7. On or about August 17, 2010, Respondent was issued an Agreed Order by the Texas Board of Nursing. A copy of the August 17, 2010, Agreed Order, Findings of Fact, and Conclusions of Law is attached and incorporated, by reference, as part of this Order.

Respondent's non-compliance is the result of her failure to comply with Stipulation Number Thirteen (13) of the Order which reads:

"RESPONDENT SHALL abstain from the consumption of alcohol, Nubain, Stadol, Dalgan, Ultram, or other synthetic opiates, and/or the use of controlled substances, except as prescribed by a licensed practitioner for a legitimate purpose..."

Specifically, on or about September 6, 2011, Respondent produced a specimen for a drug screen that resulted positive for Butalbital and Cannabinoid. On or about September 28, 2011, Respondent produced a specimen for a drug screen that resulted positive for Butalbital.

The use of Butalbital and Cannabinoids by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgements, and decisions regarding patient care, thereby placing the patient in potential danger.

10. On or about September 25, 2011, while employed as a Registered nurse with Bluebonnet Hills Care Center, Brenham, Texas, Respondent misappropriated a Metoprolol ER 50mg tablet from resident E.R., in that she admitted that she took the pill for her husband and planned on putting it back once her husband's pills had arrived. Respondent's conduct was likely to defraud the facility and the patient of the cost of the medication.
11. Respondent, by her signature to this Order, expresses her desire to voluntarily surrender her license to practice nursing in the State of Texas.
12. The Board policy implementing Rule 213.29 in effect on the date of this Agreed Order provides discretion by the Executive Director for consideration of conditional reinstatement after proof of twelve (12) consecutive months of abstinence from alcohol and drugs followed by licensure limitations/stipulations and/or peer assistance program participation.
13. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(1),(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1)(B),(5),(6)(G),(8),(10)(A)(D)(E)&(11)(B).

The evidence received is sufficient cause pursuant to Section 301.453(a), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 774271, heretofore issued to THERESE MARIE DOLIVERA, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
5. Under Section 301.453(c), Texas Occupations Code, the Board has the authority to accept the voluntary surrender of a license.

6. Under Section 301.453(d), Texas Occupations Code, as amended, the Board may impose conditions for reinstatement of licensure.
