6. On or about March 2, 2009, while employed with Supplemental Health Care, Houston, Texas, and assigned to The University of Texas Medical Branch - Correctional Managed Care, Lewis Facility, The Woodlands, Texas, Respondent failed to consult with the physician after Texas Department of Criminal Justice (TDCJ) Inmate Number 1359176 became agitated, assaultive, suicidal, threatening and uncooperative, and Respondent subsequently administered Haldol and Cogentin to Inmate Number 1359176, against his will and without having obtained authorization for the administration of compelled medications. Respondent's conduct was likely to injure the patient by denying him the right to self determination and participation in his own treatment.
7. On or about March 2, 2009, while employed with Supplemental Health Care, Houston, Texas, and assigned to The University of Texas Medical Branch - Correctional Managed Care, Lewis Facility, The Woodlands, Texas, Respondent failed to accurately and/or completely document the administration of Haldol and Cogentin to TDCJ Inmate Number 1359176 in the inmate's medical record. Respondent's conduct created an inaccurate medical record and was likely to injure the inmate in that subsequent care givers would rely on her documentation on which to base their decisions for further medical care.

8. In response to the incident in Finding of Fact Number Seven (7), Respondent states:

"All of my actions were done under the direction of my preceptor who walked me through the unit's policy for dealing with a suicidal inmate who remains combative and is threatening to kill himself."
