Respondent's conduct resulted in an inaccurate medical record which subsequent caregivers would rely upon to provide patient care, and was likely to cause injury to the patients in that their blood sugar levels would not be accurately monitored and/or treated.

8. In response to the incident in Finding of Fact Number Seven (7), Respondent states she would sometimes use a non-assigned glucometer to check the blood sugars and not write the number on the Medication Administration Record (MAR) immediately. Respondent reports that when she realized she had not written the result in the record she would go back, look up the result and record it, but in the meantime the glucometer she used disappeared. Respondent states it was a misjudgement on her part for not using the assigned glucometer and not taking the time to fill in the result on the MAR.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, 22 TEX. ADMIN. CODE §217.11(1)(B)& (1)(D) and 22 TEX. ADMIN. CODE §217.12(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 199039, heretofore issued to SELENA MAE WELLS, including revocation of Respondent's license to practice nursing in the State of Texas.
