BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 251007 §
issued to ALECIA STUART-HILLMAN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ALECIA STUART-HILLMAN, Registered Nurse License Number 251007, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on February 19, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on July 1, 1976. Respondent was licensed to practice professional nursing in the State of Texas on April 4, 1980.
5. Respondent's professional nursing employment history includes:

04/1980-5/1989	Staff Nurse	Methodist Medical Center Dallas, Texas
----------------	-------------	---

Respondent's professional nursing employment history continued:

5/1989-7/1992	Office Nurse	Dr. Joseph Carlos and Dr. Winfred Parnell Dallas, Texas
8/1992-3/1993	Unknown	
4/1993-12/1999	Weekend Supervisor	Grace Presbyterian Village Dallas, Texas
1/2000-3/2001	Unknown	Unknown
4/2001-11/2009	Staff Nurse	Texas Health Presbyterian Hospital Dallas, Texas
12/2009-Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Texas Health Presbyterian Hospital, Dallas, Texas, and had been in this position for seven (7) years and ten (10) months.
7. On or about February 17, 2009, while employed as a Staff Nurse with Texas Health Presbyterian Hospital, Dallas, Texas, Respondent failed to ensure that Rocephin was completely administered to Patient Number 1400127, as ordered. When the physician made his rounds the next morning, he found that infusion of Rocephin had not been fully administered. Respondent's conduct was likely to injure the patient in that failure to administer medication as ordered could have resulted in non-efficacious treatment.
8. On or about February 18, 2009, while employed as a Staff Nurse with Texas Health Presbyterian Hospital, Dallas, Texas, Respondent failed to correctly implement an order for a patient to have lab work drawn. Although Respondent implemented the order for the patient to have a Complete Blood Count, she did not implement the order for a Basic Metabolic Profile. Respondent's conduct was likely to injure the patient in that it delayed information needed by the physician to formulate his clinical care decisions.
9. On or about September 15, 2009, while employed as a Staff Nurse with Texas Health Presbyterian Hospital, Dallas, Texas, Respondent administered medications to the wrong patient, who had to be transferred to the Intensive Care Unit after suffering adverse reactions. Respondent obtained Klonopin, Gabapentin, Seroquel XR, Robaxin, and Singular from the Pyxis for her assigned patient, but administered the medications to a patient in a room that was near to that of her assigned patient. Respondent's conduct contributed to the patient suffering adverse reactions.

10. On or about November 2, 2009, while employed as a Staff Nurse with Texas Health Presbyterian Hospital, Dallas, Texas, Respondent failed to ensure that the bed alarm for a patient with bilateral immobilizers and a Hendrich Fall Level of 5 (indicating significant risk of falls) was activated. The patient fell but suffered no injuries. Respondent's conduct placed the patient at risk for unnecessary injury due to falls related to his inability to use his legs.
11. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she mistakenly thought she was in the correct patient's room. According to Respondent, she was assigned to the patient in room 703, but believing that she was in room 703, she went into room 702 and called the patient's name, and the patient responded correctly. Respondent then asked the patient her birthdate and checked it against her armband which was correct. Respondent states that she administered the medications to the patient and the patient began to choke. Respondent then called for assistance. When the other Registered Nurses came in to the room the nurse assigned to the patient asked if the respondent had given the patient medications and Respondent said yes.
