BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS

In the Matter of License Number 642486 § AGREED
issued to WILLIAM GOBLE § ORDER

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of WILLIAM GOBLE, License Number 642486, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on February 17, 2003, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Odessa College, Odessa, Texas, on May 1, 1997. Respondent was licensed to practice professional nursing in the State of Texas on July 8, 1997.

Odessa, Texas

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Medical Center Hospital, Odessa, Texas, and had been in this position for approximately three (3) years.

7. On or about September 28, 2000, while employed at Medical Center Hospital, Odessa, Texas, Respondent, who was not on duty, went to the facility to break into a used sharps container in order to misappropriate medications. Respondent intended to use the medications to commit suicide. Respondent's conduct was likely to spread infectious pathogens from the removal of used syringes, and his condition may have prevented him from delivering safe nursing care.

10. At the time of the incident in Finding of Fact Number Eleven (11), Respondent was employed with Avelon Place, Odessa, Texas, and had been in this position for approximately eight (8) months.

11. On or about February 4, 2002, while employed at Avelon Place, Odessa, Texas, Respondent engaged in the intemperate use of Cannabinoids as evidenced by a positive drug screen. Possession of Cannabinoids is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Cannabinoids by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

2. Notice was served in accordance with law.
