BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse           §       AGREED  
License Number 242836                       §  
issued to MARY E. JOHNSON               §       ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of MARY E. JOHNSON, Registered Nurse License Number 2428 hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on November 2, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from San Antonio College, San Antonio, Texas, on July 1, 1976. Respondent was licensed to practice professional nursing in the State of Texas on September 1, 1978.
5. Respondent's professional nursing employment history includes:

|             |             |   |
|-------------|-------------|---|
| 9/78 - 4/08 | Staff Nurse | St. David's Medical Center<br>Austin, Texas |
|-------------|-------------|---|

Respondent's professional nursing employment history continued:

5/08 - Present            Unknown

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with St. David's Medical Center, Austin, Texas, and had been in this position for twenty-seven (27) years and eleven (11) months.
7. On or about August 4, 2006, while employed as a Staff Nurse with St. David's Medical Center, Austin, Texas, Respondent failed to accurately and completely assess Patient Medical Record Number L000401224's response after administering 2 mg Dilaudid, an opioid pain medication, intravenously. Patient Medical Record Number L000401224, an eighty-seven (87) year-old female admitted with a fractured femur secondary to a fall, was to undergo an Echocardiogram to evaluate her cardiac status prior to the surgical repair of the fractured femur. Furthermore, Respondent failed to assess the aforementioned after being informed by an unlicensed hospital transporter that the patient was unresponsive. Instead, Respondent informed the transporter that the patient's vital signs were stable, even though vital signs had not been assessed, and that the patient could be transported to the Cardiology Lab for the Echocardiogram. Upon arrival to the Lab, a blood pressure of 58/29 and oxygen saturation in the low 80's was obtained by the Cardiology RN. After receiving two (2) doses of Narcan, an opioid antagonist, the symptoms were reversed and the patient was subsequently transferred to the Intermediate Care Unit. Respondent's conduct was likely to injure the patient from clinical decisions formulated based upon incomplete assessment information.
8. On or about March 25, 2008, through April 4, 2008, while employed as a Staff Nurse with St. David's Medical Center, Austin, Texas, Respondent falsely documented the assessments of six (6) patients assigned to her care. Furthermore, Respondent documented simultaneous assessments on the three (3) of the patients indicating that all three (3) assessments were simultaneously performed at 8:00 a.m. Respondent's conduct deceived co-workers and the facility, created inaccurate medical records and was likely to injure patients in that subsequent care givers would rely on her documentation to provide further patient care.
9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that prior to the incident she had injured her back while landscaping her yard. Respondent explains that she used over-the-counter medications (mostly Advil) to control the discomfort. However, after the incident, Respondent states that she realized that her "thought processing and physical condition may have resulted in her failure to assess Patient Medical Record Number L000401224. In response to the incidents in Finding of Fact Number Eight (8), Respondent states that she had to answer call lights and read each treatment and diagnosis sheet prior to documenting the assessments. Respondent explains that she had written the times and assessments down and then completed the documentation of the assessments later.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B),(1)(C), (1)(D),(1)(M),(1)(P)&(3)(A) and 217.12(1)(A),(1)(B),(1)(C),(4),(6)(A)&(6)(H).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 242836, heretofore issued to MARY E. JOHNSON, including revocation of Respondent's license to practice professional nursing in the State of Texas.
