## BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of  
Vocational Nurse License Number 161147  
issued to BELINDA PERALES

§ AGREED  
§  
§ ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of BELINDA PERALES, Vocational Nurse License Number 161147, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on July 31, 2012, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

### FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Amarillo College, Amarillo, Texas, on December 11, 1996. Respondent was licensed to practice vocational nursing in the State of Texas on January 21, 1997.
5. Respondent's nursing employment history includes:

1/1998 - 3/2000

Vocational Nurse

Plum Creek Health Care & Rehab  
Amarillo, TX

Respondent's nursing employment history includes:

5/2000 - 7/2000	Unknown	
8/2000 - 9/2006	Charge Nurse	Plum Creek Health Care & Rehab Amarillo, TX
4/2004 - 3/2006	Vocational Nurse	BSA Senior Health Clinic Amarillo, TX
4/2006 - 11/2008	Vocational Nurse	Community Medical Associates San Angelo, TX
11/2008 - 10/2010	Float Nurse	Shannon Clinic San Angelo, TX
11/2010 - Present	Unknown	

6. At the time of the incident, Respondent was employed as a vocational float nurse with Shannon Clinic, San Angelo, Texas, and had been in this position for twenty-three (23) months.
7. On or about October 8, 2010, while employed with Shannon Clinic, San Angelo, Texas, Respondent failed to appropriately intervene and report to her supervisor and/or the physician that the caregiver for Patient Medical Record Number 145154 had called to report that the patient had been found on the floor, was having weakness, not talking sensibly and having pain to the right side of her neck and shoulder. The patient was post-operative from a Carotid Endarterectomy from two (2) days prior and died later that day from complications. Respondent's conduct exposed the patient unnecessarily to a risk of harm from a delay of treatment of her disease process which may have contributed to her demise and it deprived the physician of vital information which would have initiated timely medical intervention.
8. In response to Finding of Fact Number Seven (7), Respondent recalls a conversation she had with the patient's caregiver and knew the patient had a right carotid surgery the two days prior to the call. Respondent states, she spoke with the patient and obtained verbal authorization to speak with the care giver regarding her medical information and also verbalized to the Respondent that she was fine. Respondent states, "the care giver stated that patient was found on the floor when she arrived at 8:30 a.m.. The patient did not remember what had happened, was confused, felt weak, and her bottom (rear) hurt. Respondent states she could hear the patient's voice in the background stating that she was fine, she just fell." Respondent proceeded to ask regarding the patient's medications and learned the patient took pain medication the previous night and Respondent thought that it may have been too strong for the patient. Respondent suggested that the patient take half of the tablet, and if any other problems should arise, she or the caregiver should call 911 or go to the emergency room. Respondent later was informed by her supervisors that the physician called and was upset because he was notified the patient had died through another source.

2. Notice was served in accordance with law.
