On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ADRIANNE DAWN BROWNING, Registered Nurse License Number 601447 and Vocational Nurse License Number 132738, hereinafter referred to as Respondent.

P.G.M. was a former employee who was

not authorized to be in the medication room, the access to which was restricted to current facility employees only. Respondent's conduct increased the risk of supplies and medications being misappropriated from the facility and its patients.

10. In response to the incident in Finding of Fact Number Nine (9), Respondent states that she did not think about admitting the person to the medication room as being a problem at the time. According to Respondent, the person had been a nurse at the facility for many years and would often sit and talk behind the nurse's station when she would visit the facility.

In the Matter of Registered Nurse	§	
License Number 601447 and	§	AGREED

License Number 132738	§	ORDER
Issued to ADRIANNE DAWN BROWNING	§	

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of ADRIANNE DAWN BROWNING, Registered Nurse License Number 601447 and Vocational Nurse License Number 132738, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on November 20, 2006, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent's license to practice vocational nursing in the State of Texas is currently in "delinquent" status.

4. Respondent received a Certificate in Vocational Nursing from Frank Phillips College, Borger, Texas, on May 25, 1990, and received an Associate Degree in Nursing from Amarillo College, Amarillo, Texas; in 1993. Respondent was licensed to practice vocational nursing in the State of Texas on May 30, 1991, and was licensed to practice professional nursing in the State of Texas on March 15, 1994.

5. Respondent's nursing employment history includes:

05/1991 - 09/1997	Unknown	
10/1997 - 10/1998	Nurse Manager	Golden Years Borger, Texas
10/1998 - 04/2001	Director of Nurses	St. Ann's Nursing Home Panhandle, Texas
05/2001	Unknown	
06/2001 - 04/2002	Agency Nurse	NurseFinders Amarillo, Texas
09/2001 - Unknown	Part Time Instructor	Frank Phillips College Borger, Texas
04/2002 - 08/2005	Staff Nurse, Emergency Dept.	Pampa Regional Medical Ctr. Pampa, Texas
09/2005 - Present	Unknown	

6. On or about April 29, 1997, Respondent's license to practice professional nursing in the State of Texas was issued the sanction of Reprimand with Stipulations through an Agreed Order by the Board. A copy of the Findings of Fact, Conclusions of Law, Agreed Sanctions and Order dated April 29, 1997, is attached and incorporated herein by reference as part of this Order.

7. At the time of the incident in Finding of Fact Number Eight (8), Respondent was employed as a Staff Nurse in the Emergency Department of Pampa Regional Medical Center, Pampa, Texas, and had been in this position for three (3) years and four (4) months.

8. On or about August 6, 2005, while employed as a Staff Nurse in the Emergency Department of Pampa Regional Medical Center, Pampa, Texas, Respondent inappropriately used an ear loop in an attempt to extract a suspected bug from the nose of a 21-month patient, prior to, and instead of, having the baby examined appropriately by the physician. Although Respondent states she was not satisfied with the results of her efforts, she allowed the parents

to leave without having the baby be evaluated by the physician. The next day, the patient returned to the Emergency Department, in severe distress and with bloody, serous drainage from her nose, where it was determined that the patient had been suffering from an alkaline battery whose contents had been leaking. Respondent's conduct exceeded her authorized scope of practice, violated the Emergency Medical Treatment and Labor Act (EMTALA), and may have contributed to the patient suffering unnecessary injury and/or pain due to the delayed removal of the alkaline battery.

9. In response to the incident in Finding of Fact Number Eight (8), Respondent states that the patient's parents requested that the patient first be seen just by nurses as they had no insurance and no money. In addition, the physician was himself sick, had been making frequent trips to the restroom, and had just gone to sleep when the patient arrived. Respondent concludes, stating that she realizes that she should not have attempted the procedure, and that if placed in the same situation again, she would not make the same decision because she would insist that the patient be examined by the physician.
