6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Texas Tech Health Sciences Clinic, Lubbock, Texas, and had been in this position for ten (10) months.

7. On or about May 27, 2008, while employed with Texas Tech Health Science Clinic, Lubbock, Texas, Respondent failed to transfer Patient Number W197884 to the correct department after the physician ordered hyperbaric therapy for the patient. Instead, Respondent mistakenly transferred the patient to the Vascular Clinic, which did not offer hyperbaric treatments. Respondent conduct delayed medical treatment in that the hyperbaric treatment had to be rescheduled in the correct department.
8. On or about June 10, 2008, while employed with Texas Tech Health Science Clinic, Lubbock, Texas, Respondent failed to:
 - Correctly document why Patient Number W209034 was being seen;
 - Document why Patient Number W376827 was referred to an orthopedic physician when the patient had a history of papillary thyroid cancer and had presented complaining of a "knot" in the area of the right clavicle; and
 - Correctly document which side of the parotid of Patient Number W930494 had the squamous cell carcinoma.Respondent's conduct resulted in inaccurate, incomplete medical records and was likely to injure the patients in that subsequent care givers would rely on her documentation in order to provide further patient care.
9. On or about June 30, 2008, while employed with Texas Tech Health Science Clinic, Lubbock, Texas, Respondent failed to schedule Patient Number W037326 for a follow up CAT Scan six (6) weeks after a procedure, as ordered. Respondent's conduct may have delayed medical treatment.
10. In response to the incidents in Findings of Fact Numbers Seven (7) through Nine(9), Respondent admits that she transferred the patient in Finding of Fact Number Seven (7) to the wrong department because she was not familiar with the treatment that was ordered. In Finding of Fact Number Eight (8), Respondent admits that she incorrectly documented why the patient was being seen and the incorrect side of the parotid; however, she denies that she failed to document why the patient was seeing the orthopedic physician. Respondent also denies that she failed to schedule the patient in Finding of Fact Number Nine (9) for the follow-up CAT Scan. Respondent asserts that the patient was scheduled for the scan but did not show up because she wanted to have the scan done in New Mexico because of her Medicaid coverage.
