BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 629945 §
issued to CAROLYN J. CASEY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of CAROLYN J. CASEY, Registered Nurse License Number 629945, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 27, 2012, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from McLennan Community College, Waco, Texas on May 1, 1996. Respondent was licensed to practice professional nursing in the State of Texas on June 25, 1996.
5. Respondent's nursing employment history includes:

6/96-2/10	RN	Hillcrest Baptist Medical Center Waco, Texas
-----------	----	---

Respondent's nursing employment history continued:

6/10-Present	Nurse Aide Examiner	NACES Plus Foundation, Inc. Austin, Texas
9/10-2/11	RN	Girling Healthcare Waco, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed with Girling Health Care Community Care, Austin, Texas, and had been in this position for approximately five (5) months.
7. On or about February 16, 2011, while employed with Girling Health Care Community Care, Waco, Texas, Respondent failed to notify a physician when Patient #521309265 was slurring his speech and falling asleep during Respondent's nursing visit. Subsequently, it was discovered that Patient #521309265's wife's Seraquel was missing. Respondent's conduct exposed the patient to a risk of harm and deprived the physician of the opportunity to institute timely medical interventions when the patient was showing symptoms indicative of a possible overdose.
8. In response to Finding of Fact Number Seven (7), Respondent states Patient #521309265 appeared tired when she arrived that morning and his speech was slurred, which she believed was a result of sleep deprivation. Respondent reports that the patient's vital signs, blood pressure, pulse, and respirations were within normal parameters. According to Respondent, the patient reported no complaints of headache, numbness or tingling on either side and no Respondent noted no facial droop, but adds that the patient's only complaint was being tired, which was confirmed by his spouse who reported he had not slept well. Respondent claims Patient #521309265 stayed fully awake for his part of the visit and then dozed off when she started filling his wife's medi-planner, which was when she discovered there was a shortage of Seraquel. At that time, Respondent states that Patient #521309265 awoke and explained he did take his wife's medication and then dozed off again. Respondent states that before leaving she spoke with Patient #521309265 again and every time he was asked a question he answered appropriately and did not appear in any physical distress, only exhausted. Respondent asserts that the only neurological symptom present was slurred speech, which according to Respondent could be a symptom of sleep deprivation. Respondent states she tried to call the office to talk to someone, but didn't get a hold of anyone until later that afternoon and that is when EMS was called but Patient #521309265 refused treatment.
