BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of Registered Nurse           §        AGREED  
License Number 776606                       §  
issued to DOVI BIOVA TEKO               §        ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DOVI BIOVA TEKO, Registered Nurse License Number 776606, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on September 30, 2012, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from University of Southern Maine-DE, Portland, Maine on December 19, 2008. Respondent was licensed to practice professional nursing in the State of Texas on October 15, 2009.
5. Respondent's nursing employment history includes:

05/2009 to 05/2010	Charge Nurse	Mimosa Manor Keller, Texas
--------------------	--------------	-------------------------------

Respondent's nursing employment history continued:

05/2010 to 12/2010	Charge Nurse	The Carlyle at Stonebridge Park Southlake, Texas
03/2010 to Present	Staff RN	Texas Health Harris Methodist Southlake, Texas
12/2010 to Present	Staff RN	Healthsouth Rehab Hospital Fort Worth, Texas

6. At the time of the incident described in Finding of Fact Number Seven (7), Respondent was employed as a Charge Nurse with The Carlyle at Stonebridge, Southlake, Texas, and had been in this position for approximately six (6) months.
7. On or about October 31, 2010, through November 1, 2010, while employed as a Registered Nurse with The Carlyle at Stonebridge Park, Southlake, Texas, Respondent failed to timely notify the physician of Patient AC's pain and attempt to obtain physician's orders for pain medication when presented with an x-ray confirming that Resident AC had a fractured hip and had been complaining of pain. Respondent's conduct was likely to further injure the patient in that failure to notify the physician and attempt to obtain authorization for pain medication and treatment from the physician, placed the patient in potential danger of untreatable pain, Pulmonary Embolism, Respiratory Distress and or death.
8. In Response to Finding of Fact Number Seven (7), Respondent states she received information at shift change that the x-ray company had called and stated that patient AC had a broken hip. Respondent states she did not notify the physician and states she had been instructed to only notify the physician after the x-ray company had up-loaded the x-ray to allow the physician to view the x-ray himself. Respondent further states she notified the physician at 12:15am (11/01/2011) and was told to call another physician who was taking calls for Dr. Khan. Respondent further states she did administer Tylenol to patient AC at 01:25am according to her notes, and states she failed to write a telephone order and to appropriately document the administration of the medication. Respondent further states there was no "standing order" for pain medication for this resident at the time, however Dr. Kim, who was one of the medical directors at the facility, had previously told her it was ok to write a Tylenol order. Respondent states that she understands that by falling to appropriately document the administration of this medication, it is as if, it did not occur.
