5. Respondent's professional nursing employment history is unknown.

6. On or about October 17, 2008, Respondent submitted a renewal application to the Texas Board of Nursing in which she answered "Yes" to the following question:

"Has any licensing authority refused to issue you a license or ever revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a license, certificate or multi-state privilege held by you now or previously, or ever fined, censured, reprimanded or otherwise disciplined you?"

Respondent disclosed the following orders:

- A. On or about July 16, 1992, Respondent was issued a CONSENT AGREEMENT by the Arizona State Board of Nursing, placing Respondent on PROBATION. A copy of the July 16, 1992 Agreed Order is attached, showing the following Findings of Fact:
- Respondent administered 5 mg IV Compazine to a patient of St. Luke's Medical Center at 0630 on March 26, 1992.
 - No order for Compazine had been given by a physician to Respondent.
 - Respondent admits to administering medications (Tylenol, laxatives, Compazine, Vesprin) on previous occasions without a physician's order)

 - On November 30, 1993, Respondent requested, in writing, to revoke her RN06535 license.
- C. On or about May 22, 1997, Respondent was issued an ORDER OF DENIAL NO. 970116, by the Arizona State Board of Nursing. A copy of the May 22, 1997 order is attached, showing the following Findings of Fact:
- On February 15, 1994, Applicant entered into a Consent Agreement to voluntarily revoke her professional nursing license RN065357.
 - On January 15, 1997, the Applicant applied for reinstatement of her license.

• Applicant failed to provide substantial evidence that the basis for denial or revocation has been removed and that the issuance of license will no longer constitute a treat to public health and safety.

- D. On or about October 29, 1993, Respondent was issued a REPRIMAND by the Department of Business and Professional Regulation Board of Nursing for the State of Florida, placing Respondent on PROBATION. A copy of the October 29, 1993, Final Order is attached, showing the following Findings of Fact:

On or about July 16, 1992, Respondent's license to practice nursing in the State of Arizona was placed on Probation for a period of two (2) years by the Arizona Board of Nursing. The Respondent has been so disciplined in the State of Arizona for administering medications to patients without physician's orders for same.

Additional disciplinary action:

- E. On or about May 5, 1999, The California Board of Registered Nurses denied Respondents initial application for licensure.

On or about June 10, 1999, the Board of Nurse Examiners for the State of Texas, investigated the denial of licensure taken by the California Board and closed the case as No Action.

7. In response to Finding of Fact Number Six (6), Respondent states: Her patient was a 93 y/o female, admitted to CCU to rule out an MI. ON 03/26/1992, the patient started getting very anxious and started dry heaving. Respondent tried different comfort measures but nothing helped, in fact the dry heaves seemed to be escalating. The patient refused a suppository per CCU standing orders. The CCU standing orders also had Morphine IV for pain or Compazine IM for nausea. Respondent tried to reach the admitting physician but the answering service said the doctor had already left for the hospital and could not be reached. The dry heaves were not getting better. Respondent felt the Morphine was inappropriate and the Compazine was a better choice, but didn't want to give an IM injection to a "rule out MI" so she gave the Compazine IV. She recorded it on the med sheet and waited to talk with the MD. She waited for over an hour for the MD to arrive but she still had not arrived or responded by the time she left. The patient was much calmer and no longer dry heaves and when she left the patient, she was in good spirits and had even sung "Happy Birthday"

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation of Section 301.452(b)(8), Texas Occupations Code.
