6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a licensed vocational nurse with Memorial Hermann Hospital-Northwest, Houston, Texas, and had been in this position for approximately eleven (11) years and eight (8) months.
7. On or about June 27, 2008, through December 9, 2008, while employed with Memorial Hermann Northwest Hospital, Houston, Texas, Respondent withdrew Demerol, Morphine and Restoril from the Pyxis Medication Dispensing System for patients, but failed to completely and accurately document the administration, in the patients' Medication Administration Records (MARs) and/or Nurses' Notes. Respondent's conduct was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patient which could result in an overdose.
8. On or about June 27, 2008, through December 9, 2008, while employed with Memorial Hermann Northwest Hospital, Houston, Texas, Respondent withdrew Demerol, Morphine and Restoril from the Pyxis Medication Dispensing System for patients, but failed to follow policy and procedure for wastage of the medication. Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
9. On or about June 27, 2008, through December 9, 2008, while employed with Memorial Hermann Northwest Hospital, Houston, Texas, Respondent withdrew Demerol and Restoril from the Pyxis Medication Dispensing System in excess frequency and/or dosage of the physician's order. Respondent's conduct was likely to injure the patient in that the administration of Demerol and Restoril in excess frequency and/or dosage of the physician's order could result in the patient suffering from adverse reactions.
10. On or about June 27, 2008, through December 9, 2008, while employed with Memorial Hermann Northwest Hospital, Houston, Texas, Respondent withdrew Demerol, Morphine, Phenergan and Restoril belonging to the facility and patients thereof, or failed to take precautions to prevent such misappropriation. Respondent's conduct was likely to defraud the

facility and patients of the cost of the medications.

11. In response to Findings of Fact Numbers Seven (7) through Ten (10), Respondent states the allegations appear to be true to the best of her memory. Respondent explains that the year prior to her termination at Memorial Hermann, her husband left. Respondent claims went through a few weeks of physical illness, emotional turmoil and insomnia like she never endured. Respondent states she eventually somehow convinced herself it would help her patients out if she was to use some of their wasted medication to relieve her pain. Respondent admits she began to feel insanely dependent on the drugs to keep her from having a nervous breakdown. Respondent states she joined Texas Peer Assistance Program for Nurses (TPAPN) and did everything they asked for 2.5 years and she is clean and sober. Respondent explains she knows what she did was wrong and she will not try to justify any of it. Respondent states she is truly sorry and will regret it until the day she dies.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
