

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Katherine A. Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 610558 §
issued to DEVON GEORGE JAMES § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DEVON GEORGE JAMES, Registered Nurse License Number 610558, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 3, 2013, subject to ratification by the Board.

FINDINGS OF FACT

- 1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
- 2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
- 3. Respondent is currently licensed to practice professional nursing in the State of Texas.
- 4. Respondent received a Diploma in Nursing from Centennial College of Applied Arts and Technology, Scarborough, Ontario, Canada, on June 15, 1991. Respondent was licensed to practice professional nursing in the State of Texas on October 18, 1994.
- 5. Respondent's nursing employment history includes:

1991-1993	RN	North Carolina Baptist Hospital Winston-Salem, North Carolina
1993-1995	RN	Lucy Lee Hospital Poplar Bluff, Missouri

Respondent's nursing employment history continued:

1995-2011	RN	McAllen Medical Center McAllen, Texas
1999-2001	RN	Staff Search Nursing Agency Houston, Texas
2001-2009	RN	ASAP Nursing Agency McAllen, Texas
2009-Present	RN	Doctors Hospital at Renaissance Edinburg, Texas

6. At the time of the initial incident, Respondent was employed as a RN with McAllen Medical Center, McAllen, Texas, and had been in this position for ten (10) years.
7. On or about September 21, 2010, while employed with McAllen Medical Center, McAllen, Texas, Respondent failed to notify the physician of Patient Medical Record Number 599175 when the patient had a significant change in his respiratory status. Instead, Respondent increased the FiO2 (fraction of inspired oxygen) on the patient's ventilator from 45% to 100% without a physician's order and failed to document in the patient's medical record the interventions that he provided to the patient. Subsequently, after Respondent's shift ended, an x-ray of the patient's chest revealed that a portion of the patient's lung had collapsed. Respondent's conduct resulted in an incomplete medical record which was likely to deceive subsequent care givers who relied on the information while providing care to the patient. In addition, Respondent' conduct exposed the patient unnecessarily to risk of harm from ineffective treatment and deprived the patient's physician the opportunity to institute timely medical interventions to stabilize the patient.
8. On or about November 29, 2010, while employed with McAllen Medical Center, McAllen, Texas, Respondent failed notify the physician of Patient Medical Record Number 396389, when the lab reported a critical Troponin level. Respondent's conduct exposed the patient unnecessarily to risk of harm from ineffective treatment and deprived the patient's physician the opportunity to institute timely medical interventions to stabilize the patient.
9. On or about April 26, 2011, while employed with McAllen Medical Center, McAllen, Texas, Respondent administered Lactulose to Patient Medical Record Number 3416801, in excess of the physicians' order. The medication was ordered for once a day as needed for constipation. The patient had received a dose in the early afternoon and Respondent administered the second dose the same day at bedtime. Respondent's conduct exposed the patient unnecessarily to a risk of harm from administering medications at a frequency in excess of the physician's order which could result in the patient suffering from adverse reactions.

10. In response to Findings of Fact Numbers Seven (7), through Nine (9), Respondent states that the patient's problems were not caused by him increasing the oxygen. Respondent states that the patient began to de-saturate after receiving a bath and so he increased the oxygen. Respondent states that he reported to the oncoming shift that the patient had de-sated and that the oncoming Respiratory Therapist indicated that they would report the information to the patient's physician. Respondent states that the critical lab value was called to the floor by the lab and another nurse took the call but didn't pass the information on to him. Respondent states that he regrets that he didn't follow up with the lab test himself. Respondent states that he tried to access pharmacy records to determine if he had actually given the second dose of Lactulose that day but he was unable to access the records and since it was five (5) weeks after the occurrence he doesn't recall if he did or not.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(C),(1)(D)&(3)(A) and §217.12(1)(A),(1)(C)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against, Registered Nurse License Number 610558, heretofore issued to DEVON GEORGE JAMES, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
