BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 517504 §
issued to DEETTE M. MCCAULEY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DEETTE M. MCCAULEY, Registered Nurse License Number 517504, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 9, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Navarro College, Corsicana, Texas on May 1, 1984. Respondent was licensed to practice professional nursing in the State of Texas on August 24, 1984.
5. Respondent's nursing employment history includes:

9/1984 - 3/1987	RN	Ennis Care Center Ennis, Texas
4/1987 - 8/1989	RN	Baylor Medical Center at Ennis Ennis, Texas

Respondent's nursing employment history continued:

8/1989 - 3/1993	RN	Texoma Medical Center Dennison, Texas
3/1993 - 12/1999	RN	Infusion Management Systems, Inc. Unknown
1/1999	Unknown	
2/1999 - 5/2007	RN	Wilson N. Jones Memorial Hospital Sherman, Texas
6/2007 - 11/2007	RN	Community Specialty Hospital Sherman, Texas
12/2007 - 6/2008	RN	Texoma Medical Center Dennison, Texas
7/2008 - 8/2008	Unknown	
9/2008 - 7/2012	RN	Texas Health HEB Hospital Bedford, Texas
7/2012 - Present	RN	Harris Methodist HEB Wound Care Clinic Bedford, Texas

6. At the time of the initial incident, Respondent was employed as a RN with Texas Health HEB Hospital, Bedford, Texas, and had been in this position for three (3) years and one (1) month.
7. On or about October 26, 2011, while working as a RN with Texas Health HEB Hospital, Bedford, Texas, Respondent failed to document in the Medical Records that Patient Medical Record Number 162872 had on a Sequential Compression Device per the physician's orders. Respondent's conduct resulted in an incomplete medical record.
8. On or about December 25, 2011, while working as a RN with Texas Health HEB Hospital, Bedford, Texas, Respondent failed to correctly label a blood lab specimen for Patient Medical Record Number 410817, resulting in the blood being re-drawn and delaying lab results. Respondent's conduct resulted in the patient suffering an additional venous access and unnecessarily exposed the patient to risk of harm from care decisions possibly made without the benefit of current diagnostic information.

9. On or about February 27, 2012, while working as a RN with Texas Health HEB Hospital, Bedford, Texas, Respondent failed to ensure Patient Medical Record Number 70048135 had an intravenous (IV) line required for the 8:30 a.m. scheduled ventilation-perfusion (VQ) scan, therefore delaying the exam four and a half hours. Respondent's conduct unnecessarily exposed the patient to risk of harm from delayed treatment of disease processes.
10. On or about April 9, 2012, while working as a RN with Texas Health HEB Hospital, Bedford, Texas, Respondent medicated Patient Medical Record Number 45320 with Magnesium based on the prior day's lab results instead of the current day's lab results. Respondent's conduct was likely to injure the patient from adverse effects of abnormal Magnesium levels, including possible cardiac arrhythmias, tremors, disorientation, hypertension and/or hallucinations.
11. In response to Findings of Fact Numbers Seven (7) through Ten (10), Respondent states the documentation was accidentally missed as she completed the nurse assessment page charting. In response to Finding of Fact Number Eight (8), Respondent states she used the smaller labels rather than the larger ones and adds that she did what she did out of habit, forgetting the new rule to place sticker on blood tubes. In response to Finding of Fact Number Nine (9), Respondent states the patient needed to have a VQ scan requiring IV access for the contrast dye. Respondent adds the IV attempts were unsuccessful. Respondent states that looking back on the situation, she should have notified the House Supervisor for assistance. In response to Finding of Fact Number Ten (10), Respondent states she used the previous day's magnesium levels for the sliding scale instead of the current day lab values. Respondent states she has no excuse for this and deeply regrets making the error.
