Respondent asserts that the 1mg/1 vial of Versed was in her possession as part of an expired, non-purchased inventory, licensed through the State Board of Pharmacy, stored in boxes with other expired antibiotic solutions and supplies prepared for disposal.
8. Respondent states that on or about March 17, 1999, she rendered a negative result on a drug screen. Respondent was suspended from Christus St. Elizabeth Hospital on March 22, 1999, because she did not have a drug screen form in her possession.

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

Respondent's professional nursing employment history (continued):

06/07 - Present

Unknown

6. On or about January 24, 2002, Respondent was issued an Agreed Order by the Board of Nurse Examiners for the State of Texas, Austin, Texas, which placed Respondent's license in a Limited status. A copy of the Findings of Fact, Conclusions of Law, and Agreed Order dated January 24, 2002, is attached and incorporated, by reference, as part of this Order.
7. At the time of the initial incident, Respondent was employed as a Registered Nurse with Healthsouth Rehabilitation Hospital, Beaumont, Texas, and had been in this position for approximately one (1) month.
8. On or about May 25, 2007, while employed as a Registered Nurse at Healthsouth Rehabilitation Hospital, Beaumont, Texas, Respondent administered two (2) Potassium tabs (10mg each) to Patient L.L. as a placebo instead of Norco, which was ordered for pain by Patient L.L.'s physician. Patient L.L. did not have an order for Potassium. Respondent states that the patient's pain treatment was an ongoing problem for all the nurses and it was discussed in report daily. Respondent states that she felt uncomfortable administering prn narcotic pain medication to an asymptomatic patient.
