BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED
Vocational Nurse License Number 216537	§	
issued to LAURIE LAFAUNE POND	§	ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LAURIE LAFAUNE POND, Vocational Nurse License Number 216537, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 4, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Howard College, San Angelo Extension, San Angelo, Texas, on May 10, 2008. Respondent was licensed to practice vocational nursing in the State of Texas on July 1, 2008.
5. Respondent's nursing employment history includes:

2008 - 2009	Staff Nurse	TIFM
		Dallas, Texas

Respondent's nursing employment history continued:

2009 - 2010	Staff Nurse	Maxim Healthcare Agency Collin County Detention Center Dallas, Texas
2010 - 2012	Facility Director	Autumn Leaves/Encore Adult Memory Care - Day Stay Plano, Texas
5/2012 - 9/2012	Staff Nurse	Texas Masonic Retirement Center Arlington, Texas
9/2012 - Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Texas Masonic Retirement Center, Arlington, Texas, and had been in this position for two (2) months.
7. On or about July 6, 2012, while employed as a Staff Nurse with Texas Masonic Retirement Center, Arlington, Texas, Respondent administered in error two (2) doses of 7.5/325 Hydrocodone/APAP to Resident HL instead of one (1) dose of 5.0/325 Hydrocodone/APAP, as ordered. Respondent's conduct unnecessarily exposed the resident to risk of injury from opiate over medication, including possible respiratory depression.
8. On or about August 22, 2012, while employed as a Staff Nurse with Texas Masonic Retirement Center, Arlington, Texas, Respondent failed to recheck the blood sugar of Resident CC after getting a low reading of 59 earlier and prior to administering the ordered dose of Insulin. Further, Respondent failed to administer Glucagon or Glucose gel, as required by the facility's protocol, and failed to notify the physician of the low blood sugar. The resident expired from complications of low blood sugar eight (8) hours after Respondent's shift ended. Respondent's conduct may have contributed to the resident's subsequent demise.
9. In response to the incident in Finding of Fact Number Eight (8), Respondent states when she made contact with Resident CC he was awake at the nurses station in the geri-chair and she got a blood sugar of 59. Respondent states she was able to get some of his crushed medications down him in some prepared jelly, but he refused to eat some of them, pushing the spoon away. Respondent states she asked the aides to try and get him to drink a liquid milkshake. Respondent states though he was due Insulin, and she had written it on his MAR, but she never gave him the Insulin and cannot recall if she drew a line through the Insulin later. Respondent states she informed the Charge Nurse of the patient's blood sugar and refusal to take all of his medication, and of her asking the aides to try and give him a milkshake. Respondent later stated that the aides were able to get the resident to consume

half of the milkshake, and Respondent states she waited fifteen (15) minutes to recheck his blood sugar when one of the aides told her he wasn't acting quite right, moaning and trying to get out of his chair. Respondent states she tried to recheck his blood sugar, but he made fists at her and became combative, so she decided to let him calm down and updated the Charge Nurse. Respondent further states she became distracted by other residents, and did not return to check Resident CC's blood sugar. Respondent states at 10:45 pm, the Charge Nurse approached and asked if she was ok, and they agreed that Charge Nurse would give report for Respondent so she could finish her documentation.
