BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 792355 §
& Vocational Nurse License Number 212555 §
issued to JIMMIE HEATHER HENSHAW § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JIMMIE HEATHER HENSHAW, Registered Nurse License Number 792355, and Vocational Nurse License Number 212555, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 30, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional and vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Kingwood College, Kingwood, Texas, on September 7, 2007. Respondent was licensed to practice vocational nursing in the State of Texas on October 4, 2007. Respondent received an Associate Degree in Nursing from Kingwood College, Kingwood, Texas, on July 8, 2010. Respondent was licensed to practice professional nursing in the State of Texas on October 5, 2010.
5. Respondent's complete vocational and professional nursing employment history is unknown.

6. On or about December 29, 2011, through January 20, 2012, while employed as a Registered Nurse with HealthSouth Rehabilitation Hospital of Humble, Humble, Texas, Respondent withdrew Alprazolam, Hydrocodone, Oxycodone, and Clonazepam from the Medication Dispensing System for patients but failed to document the administration of the medication, or completely and accurately document the administration of, including signs, symptoms and responses to the medications in the patients Medication Administration Records and/or nurses notes. Respondent's conduct was likely to injure the patients in that subsequent care givers would rely on her documentation to further medicate the patients which could result in an overdose.
7. On or about December 29, 2011, through January 20, 2012, while employed as a Registered Nurse with HealthSouth Rehabilitation Hospital of Humble, Humble, Texas, Respondent withdrew Alprazolam, Hydrocodone, Oxycodone, and Clonazepam from the Medication Dispensing System for patients but failed to follow the facility's policy and procedures for wastage of any of the unused portions of the medications. Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
8. On or about December 29, 2011, through January 20, 2012, while employed as a Registered Nurse with HealthSouth Rehabilitation Hospital of Humble, Humble, Texas, Respondent misappropriated Alprazolam, Hydrocodone, Oxycodone, and Clonazepam belonging to the facility or patients thereof or failed to take precautions to prevent such misappropriation. Respondent's conduct was likely to defraud the facility and patients of the cost of the medications.
9. In response to Findings of Fact Numbers Six (6) through Eight (8), Respondent states she did not intentionally sign out prescription medications from the Medication Dispensing System and not document according to facility policy. She feels that due to the sheer volume of responsibilities that were placed upon her as a Charge Nurse, she made this error, a mistake for which she will always be very sorry. Respondent further states at no time did she misappropriate any drugs for her own personal usage.
10. On or about May 20, 2013, Respondent completed a chemical dependency evaluation with Dr. Kit W. Harrison, Houston, Texas. Dr. Harrison states Respondent completed the inventory in a valid fashion and the overall results indicate a low probability of having a substance dependence disorder and that she does not present with impairment at this time. Dr. Harrison recommends Respondent should submit to random drug screens as recommended by the Board for the period of two years, should notify the Board of any prescribed anxiolytic or narcotic pain medication she is taking and participate in training on documentation and wasting medication.
11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(C)&(1)(D) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B),(1)(C),(4),(6)(A),(6)(G),(10)(B),(10)(C)&(11)(B).
