

Executive Director of the Board
Katherine A. Thomas

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 790562 §
issued to DONETTA MICHELLE FUTRELL § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DONETTA MICHELLE FUTRELL, Registered Nurse License Number 790562, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on September 20, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Western Oklahoma College, Altus, Oklahoma, on May 10, 2007. Respondent was licensed to practice professional nursing in the State of Texas on August 18, 2010.
5. Respondent's professional nursing employment history includes:

03/06 - 08/08	RN	Jackson County Memorial Hospital Altus, Oklahoma
---------------	----	---

Respondent's professional nursing employment history continued:

09/08 - 01/09	Unknown	
02/09 - 09/09	RN	North Fulton Regional Hospital Roswell, Georgia
10/09 - 01/10	Unknown	
02/10 - 08/12	RN	Frisco Reproductive Surgery Center Frisco, Texas
09/12 - Present	Unknown	

6. At the time of the incident, Respondent was employed as a Registered Nurse with Frisco Reproductive Surgery Center, Frisco, Texas, and had been in this position for two (2) years and six (6) months.
7. On or about July 26, 2012, while employed with Frisco Reproductive Surgery Center, Frisco, Texas, Respondent inappropriately altered the Nurse/Anesthesia Controlled Substance Use & Wastage Record for Patient Medical Record Number 13622 in that she changed the record to reflect 3mL of Fentanyl used and 3mL of Fentanyl wasted, instead of the Fentanyl 1mL administered by the anesthesiologist. Respondent's conduct was deceptive and created an inaccurate medical record.
8. On or about July 26, 2012, while employed with Frisco Reproductive Surgery Center, Frisco, Texas, Respondent removed two (2) Hydromorphone 1mg vials from the controlled substance inventory for Patient Medical Record Number 13622, without a valid physician's order. Respondent falsely documented a physician's order for Hydromorphone 1-2mg IVP for Patient Medical Record Number 13622 on the Day of Surgery Nursing and Physician's Orders sheet. Additionally, Respondent falsely documented that she administered two (2) Hydromorphone 1mg vials to Patient Medical Record Number 13622, in the patient's postoperative nursing record, in that the patient stated that she did not request or receive any pain medication while in recovery. Respondent's conduct was deceptive, created an inaccurate medical record, and was likely to injure the patient in that subsequent care givers would rely on her documentation on which to base their decisions for further care.
9. On or about July 26, 2012, while employed with Frisco Reproductive Surgery Center, Frisco, Texas, Respondent misappropriated, or failed to take precautions to prevent the misappropriation of, Hydromorphone from the facility and patients thereof. Respondent's conduct was likely to defraud the facility and patients of the cost of the medications.
10. In response to Findings of Fact Numbers Seven (7) through Nine (9), Respondent states that the medications ordered by the physician were not stocked in the narcotic box, and the medications in the narcotic box were not listed on the physician's order sheet. Respondent

states she administered 0.5mg of Fentanyl to the patient and wasted the rest. Respondent states that it seemed to help, but the patient was still in pain so Respondent administered another 0.5mg dose of Fentanyl and again wasted the left-over medication. Respondent explains that she did not document the administration of the two (2) doses of Fentanyl because she was busy helping out in the clinic, as well as in recovery. Respondent further states that when she returned to the patient's room, the patient was still in pain so Respondent administered 1mg of Hydromorphone to the patient. Respondent states that the patient may not remember receiving the Hydromorphone because she was "out of it". Respondent claims she had every intention of obtaining a physician's order for the medications she administered, but she simply forgot.
