BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SUZANNE KRISTINE OUIMETTE, Registered Nurse License Number 783456, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on November 22, 2013, subject to ratification by the Board.

6. At the time of the initial incident, Respondent was employed as a Cardiac Care Nurse with Trinity Mother Frances Hospital, Tyler, Texas, and had been in that position for two (2) years.
7. On or about January 31, 2012, while employed as a Cardiac Care Nurse with Trinity Mother Frances Hospital, Tyler, Texas, Respondent falsely documented in the medical record of Patient Medical Record Number 094267714-2029 that she received a verbal order for Demerol from the patient's physician. Respondent's conduct was deceptive and resulted in an inaccurate medical record that exposed the patient unnecessarily to a risk of harm in that subsequent care givers would rely on her documentation to provide further care.
8. On or about January 31, 2012, while employed as a Cardiac Care Nurse with Trinity Mother Frances Hospital, Tyler, Texas, Respondent withdrew Demerol 25 mg/0.5ml ampule from the Pyxis medication dispensing system for the aforementioned Patient Medical Record Number 094267714-2029, but failed to document the administration and/or wastage of the narcotic in the patient's medical record. Respondent's conduct resulted in an inaccurate medical record and exposed the patient unnecessarily to a risk of harm in that subsequent care givers would rely on her documentation to provide further care.
9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that the patient was post-op coronary bypass grafting with post-op bleeding, his temperature increased to 104 degrees within a thirty (30) minute time frame, he had violent shivering, and he became hemodynamically unstable. After paging the hospitalist with no response, Respondent states she gave Demerol intravenously per the cardiac surgery order set for post-op shivering. Respondent admits that she failed to document administering the Demerol, but claims that it was not due to any intended deception noting there was no unit secretary, and she had to enter all her own orders and medication requests.
