BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED  
Registered Nurse License Number 793724 §  
issued to SHAIRON LEE JORDAN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SHAIRON LEE JORDAN, Registered Nurse License Number 79372-, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on December 31, 2013, subject to ratification by the Board.

## FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Pima Community College, Tucson, Arizona, on December 19, 2008. Respondent was licensed to practice professional nursing in the State of Arizona on February 17, 2009, and was licensed to practice professional nursing in the State of Texas on November 16, 2010.
5. Respondent's nursing employment history includes:

4/2009-7/2009	Staff Nurse	Posada Del Sol Health Care Center Tucson, Arizona
---------------	-------------	--

Respondent's nursing employment history continued:

7/2009-7/2010	Staff Nurse	University Medical Center Tucson, Arizona
8/2010-2/2013	Staff Nurse	St. Paul University Hospital Dallas, Texas
2/2013-7/2013	Staff Nurse	Baylor Regional Medical Center Plano, Texas
8/2013-Present	Staff Nurse	The Medical Center of Plano Plano, Texas

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Baylor Regional Medical Center, Plano, Texas, and had been in this position for five (5) months.
7. On or about July 4, 2013 through July 5, 2013, while employed as a Staff Nurse with Baylor Regional Medical Center, Plano, Texas, Respondent failed to administer Hydralazine to Patient Number 500165101, as ordered for systolic blood pressure readings greater than 160. Respondent's conduct was likely to injure the patient in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment of the patient's high blood pressure.
8. On or about July 4, 2013 through July 5, 2013, while employed as a Staff Nurse with Baylor Regional Medical Center, Plano, Texas, Respondent failed to notify the physician, as ordered, when the aforementioned Patient Number 500165101 had multiple systolic blood pressure readings greater than 180. Respondent's conduct was likely to injure the patient from a delay in timely medical interventions needed to stabilize the patient's health condition.
9. On or about July 4, 2013 through July 5, 2013, while employed as a Staff Nurse with Baylor Regional Medical Center, Plano, Texas, Respondent failed to document pain assessments on the pain management flow sheet of the aforementioned Patient Number 500165101. Additionally, Respondent failed to document communication with the physician regarding the patient's complaints of jaw pain, and failed to document one (1) administration of morphine on the medication administration record. Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent care givers would not have accurate and complete information on which to base their care decisions.
10. In response to Findings of Fact Numbers Seven (7) through Nine (9), Respondent states that the patient care technician failed to report to her the blood pressure reading of 184/70, but she noted that the vitals were in the computer. Respondent states that she administered hydralazine as ordered three times throughout her shift to treat the patient's high blood pressure. Respondent states that she medicated the patient with morphine for pain, which caused a decrease in the patient's pain level and decrease in blood pressure. Respondent adds

that she decided to wait and see if the blood pressure would continue to decrease over the next hour before medicating the patient again. Regarding documentation, Respondent states that she documented notes from the shift on her report sheet with the intention of charting it, and adds that she did document contacting the physician regarding the patient's jaw pain.
