

Respondent's vocational nursing employment history continued:

6/12 - 1/2013	LVN	Kruse Memorial Lutheran Village Brenham, Texas
---------------	-----	---

2/2013 - Present	Unknown	
------------------	---------	--

6. At the time of the initial incident, Respondent was employed as a Vocational Nurse with Kruse Memorial Lutheran Village, Brenham, Texas, and had been in this position for one (1) year and eight (8) months.
7. On or about May 5, 2012, while employed with Kruse Memorial Lutheran Village, Brenham, Texas, Respondent engaged in the intemperate use of Marijuana in that she submitted a specimen for a drug screen which resulted positive for Marijuana. Respondent further admitted to such use. The use of Marijuana by a Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. On or about January 7, 2013, while employed with Kruse Memorial Lutheran Village, Brenham, Texas, and while participating in the Extended Evaluation Program (EEP), Respondent engaged in the intemperate use of Alcohol in that she submitted a specimen for a drug screen which resulted positive for Ethyl Glucuronide and Ethyl Sulfate, metabolites of Alcohol. Subsequently, Respondent declined to provide an assessment to determine eligibility for the Texas Peer Assistance Program for Nurses (TPAPN). On or about February 6, 2013, Respondent's EEP case was closed and referred to the Board. The use of alcohol by a Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Attorney Darrin Dest states that Respondent acknowledges her mistakes. She was wrong in smoking marijuana, as it is an illegal substance. She was wrong in drinking alcohol while in EEP because it was a violation of her EEP contract. Further, Respondent could not agree to a TPAPN contract that would put her on a substance abuse disorder track because she does not believe that she has the requisite diagnosis, nor do we believe that the facts support her participation. As such, Respondent allowed her case to be referred to the Board for resolution.
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
