

BEFORE THE TEXAS BOARD OF NURSING

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Katherine A. Thomas
Executive Director of the Board

In the Matter of § AGREED
Vocational Nurse License Number 201158 §
issued to JOHNNY RODRIGUEZ § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of JOHNNY RODRIGUEZ, Vocational Nurse License Number 201158 hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on June 16, 2014, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from South Plains College, Lubbock, Texas, on August 19, 2005. Respondent was licensed to practice vocational nursing in the State of Texas on October 18, 2005.
5. Respondent's nursing employment history is unknown.

6. On or about July 24, 2013, Respondent submitted a License Renewal Form to the Texas Board of Nursing, in which he answered "Yes" to the question:

"Have you, within the past 24 months or since your last renewal, for any criminal offense, including those pending appeal:

- A. been convicted of a misdemeanor?
- B. been convicted of a felony?
- C. pled nolo contendere, no contest, or guilty?
- D. received deferred adjudication?
- E. been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
- F. been sentenced to serve jail or prison time? court-ordered confinement?
- G. been granted pre-trial diversion?
- H. been arrested or have any pending criminal charges?
- I. been cited or charged with any violation of the law?
- J. been subject of a court-martial; Article 15 violation; or received any form of military judgement/punishment/action?"

Respondent disclosed that on or about December 5, 2012, Respondent was arrested by the Hockley County Sheriff's Office, Levelland, Texas, for POSSESSION CONTROLLED SUBSTANCE PG 1<1G, a State Jail Felony offense committed on May 29, 2012. On or about June 7, 2013, Respondent entered into a Pre-Trial Diversion Program for a period of eighteen (18) months, in the 286th Judicial District, Hockley County, Texas, under Cause No. 323-F.

7. In response to Finding of Fact Number Six (6), Respondent states the car he was driving is registered to his mother and brother. He noticed how much trash was actually in the car and opened the middle console and found some incense or "legal weed" and rolling papers. He was stopped by police and placed the items under the seat because he did not want the officer to think they were his. Respondent was asked if he had anything illegal in the car and he responded "no" and gave the officer permission to search the car. The officer found cut straws with residue in the inside. It tested positive for cocaine.
8. On or about October 7, 2013, and October 8, 2013, Respondent was seen by John K. Reid, Ph.D., P.C., to undergo a Chemical Dependency Evaluation.

Dr. Reid states that there was no data found that indicated a chemical dependency problem. The overall psychological evaluation also did not determine that there was an impairment that would prevent him from practicing nursing with reasonable skill and safety to patients.

9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
