BEFORE THE TEXAS BOARD OF NURSING

In the Matter of	§	AGREED
Registered Nurse License Number 738659	§	
issued to AMBER ELIZABETH HOFFART	§	ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of AMBER ELIZABETH HOFFART, Registered Nurse License Number 738659, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on August 6, 2014.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Kingwood College, Kingwood, Texas, on December 19, 2006. Respondent was licensed to practice professional nursing in the State of Texas on February 20, 2007.

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Texas Children's Hospital and assigned to the Neonatal Intensive Care Unit, Houston, Texas, and had been in this position for one (1) month.
7. On or about May 30, 2012, while employed as a Staff Nurse with Texas Children's Hospital and assigned to the Neonatal Intensive Care Unit, Houston, Texas, Respondent falsely documented a physical assessment in the medical record of Patient Number 3001148966, prior to assessing the patient. 9. In response to Findings of Fact Numbers Seven (7) and Eight (8), regarding Patient Number 3001148966, Respondent states that she did not do a full assessment before she left the unit for a short break and documented that she had. Respondent states that she assessed her patient, who was stable, and then went to take an authorized break in the break room. Respondent states that she copied and pasted prior assessments in the computer instead of waiting to do a full assessment and document that when she returned from her break. Regarding programming of the infusion pump, Respondent states that she programmed the Fentanyl dose on the pump and thought she should ask her preceptor to check it, but did not. Respondent asserts that she entered the patient's weight correctly as she had already entered it into the pump twice that shift. Respondent states that neither her preceptor nor the night shift nurse at shift change noticed the error, and it was not discovered until around 2200 or 2230. Respondent adds that the neonate was drowsy the next day, but was already on a ventilator with a protected airway and suffered no adverse effects.
