BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 657946 §
issued to ALETA NEWBERRY DICKMAN § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ALETA NEWBERRY DICKMAN, Registered Nurse License Number 657946, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 13, 2013.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Del Mar College, Corpus Christi, Texas, on December 1, 1998. Respondent was licensed to practice professional nursing in the State of Texas on February 9, 1999.
5. Respondent's nursing employment history includes:

03/99 - 02/02	Staff Nurse	Corpus Christi Medical Center
	Charge Nurse	Corpus Christi, Texas

Respondent's nursing employment history continued:

02/02 - 12/05	House Coordinator	Corpus Christi Medical Center Corpus Christi, Texas
01/06 - 08/11	ICU Staff Nurse	Christus Spohn Health System Corpus Christi, Texas
09/11 - Present	Unknown	

6. At the time of the incident, Respondent was employed as a Registered Nurse with Christus Spohn Health System, Corpus Christi, Texas, and had been in that position for five (5) years and eight (8) months.
7. On or about July 22, 2011, through July 24, 2011, while employed as a Registered Nurse with Christus Spohn Health System, Corpus Christi, Texas, Respondent withdrew Morphine from the Medication Dispensing System for patient(s) in excess frequency/dosage of the physician's orders. Respondent's conduct could have injured the patient(s), in that the administration of Morphine in excess dosage/ frequency of the physician's order, could result in the patient(s) suffering from adverse reactions, including respiratory depression and was in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
8. On or about July 15, 2011, through August 21, 2011, while employed as a Registered Nurse with Christus Spohn Health System, Corpus Christi, Texas, Respondent withdrew controlled substances from the Medication Dispensing System for patient(s), but failed to document, or accurately document the administration of the medications in the patients' Medication Administration Records and/or Nurse's Notes. Respondent's conduct could have injured the patients in that subsequent care givers would rely on her documentation to further medicate the patients which could result in an overdose. Furthermore, Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
9. On or about July 15, 2011, through August 21, 2011, while employed as a Registered Nurse with Christus Spohn Health System, Corpus Christi, Texas, Respondent withdrew controlled substances from the Medication Dispensing System for patient(s), but failed to follow the facility's policy and procedure for the wastage of the unused portions of the medications. Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
10. On October 20, 2012, Respondent underwent a chemical dependency evaluation with Jerome R. Schmidt, Ph.D. Dr. Schmidt reported that test results had questionable validity and raised significant doubt as to the honesty of Respondent's self reports. Dr. Schmidt concluded that Respondent's use or abuse of narcotic and benzodiazepines could not be ruled out as a result

of her lack of candor in responding to the items of the MMPI-2. Dr. Schmidt recommended that Respondent be supervised under TPAPN and that any further indication of drug or alcohol abuse should result in her immediate referral to a substance abuse treatment program.

11. On November 12, 2014, Respondent underwent another chemical dependency evaluation with Joyce M. Gayles, Ph.D. Dr. Gayles concluded that Respondent's testing produced valid results. Further, Dr. Gayles concluded that the results of the evaluation indicated Respondent does not have a chemical dependency impairment that would prevent her from providing nursing care with skill and safety to patients.
12. Formal Charges were filed on January 15, 2014, and mailed to Respondent on January 27, 2014.

Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.
