Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of
Registered Nurse License Number 840595
issued to GAY LYNN GARY

§ AGREED
§
§ ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of GAY LYNN GARY, Registered Nurse License Number 840595, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 20, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Tarleton State University, Stephenville, Texas, on May 6, 2013. Respondent was licensed to practice professional nursing in the State of Texas on July 11, 2013.
5. Respondent's nursing employment history includes:

7/2013-3/2015	Staff Nurse	Hendrick Medical Center Abilene, Texas
---------------	-------------	---

Respondent's nursing employment history continued:

4/2015-Present	Staff Nurse	Wilbarger General Hospital Vernon, Texas
----------------	-------------	---

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Hendrick Medical Center, Abilene, Texas, and had been in that position for one (1) year and six (6) months.
7. On or about January 12, 2015, while employed as a Staff Nurse with Hendrick Medical Center, Abilene, Texas, Respondent incorrectly set the rate for a norepinephrine infusion for Patient Number 9778198. Subsequently, the patient received approximately 8mg of norepinephrine in one hour instead of 0.5 mcg/min, as ordered, and required resuscitation after going into ventricular tachycardia. Respondent's conduct was likely to injure the patient from adverse effects of possible over dosage of medication.
8. On or about March 18, 2015, while employed as a Staff Nurse with Hendrick Medical Center, Abilene, Texas, Respondent failed to administer Kayexalate to Patient Number 9829461, as ordered for a potassium level of 5.4 mEq/L. Subsequently, the patient's potassium level continued to rise. Respondent's conduct was likely to injure the patient in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment of the patient's high potassium levels.
9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the physician ordered norepinephrine to stabilize the patient's blood pressure, and after about an hour the patient's pulse became weak and then went into ventricular tachycardia (V-tach). Respondent states that a fellow nurse started cardiopulmonary resuscitation (CPR) while Respondent notified the physicians. Respondent clarifies that while these events were occurring, the charge nurse came into the room and noticed that the bag of norepinephrine was almost empty and questioned her about it. Respondent states that the patient was stabilized and came out of V-tach. Respondent states that she then talked to the charge nurse and physicians and realized that instead of setting the pump at 0.5 mcg/min, she had set it at 0.5 mcg/kg/min. Respondent adds that she chose the setting in the pump for Critical Care, which prompted her to enter the patient's weight in kilograms. Respondent states that she later learned in remediation that there was a category in the pump for Trauma Center that should have been used, of which she was not aware. Respondent adds that she knows she should not rely on machines, should perform her own calculations, and should double and triple check her orders.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C)&(1)(M) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 840595, heretofore issued to GAY LYNN GARY, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
