BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Vocational Nurse License Number 200547 §
issued to BARBARA ANN JOHNSON § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of BARBARA ANN JOHNSON, Vocational Nurse License Number 200547, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on January 8, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Augusta Technical Institute, Augusta, Georgia, on March 1, 1991. Respondent was licensed to practice vocational nursing in the State of Texas on October 4, 2005.
5. Respondent's nursing employment history includes:

10/2005-12/2005	Unknown	
1/2006-10/2007	Licensed Vocational Nurse	Temple Living Center Temple, Texas

Respondent's nursing employment history continued:

10/2007-12/2009	Licensed Vocational Nurse	Querencia Healthcare Austin, Texas
1/2009-3/2012	Licensed Vocational Nurse	Edu-Care of Austin Austin, Texas
4/2012-9/2012	Licensed Vocational Nurse	The Summit at Westlake Hills Austin, Texas
10/2012-12/2012	Unknown	
1/2013-Unknown	Licensed Vocational Nurse	Harbor Hospice Austin, Texas

7/2013-10/2014	Licensed Vocational Nurse	Premieant, Inc Austin, Texas
4/2014-Present	Staff Nurse	Edu-Care of Austin Austin, Texas

6. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Premieant, Inc., Austin, Texas, and had been in that position for eight (8) months.
7. On or about March 9, 2014, while employed as a Licensed Vocational Nurse with Premieant, Inc, Austin, Texas, and assigned to the Williams House, Respondent failed to adequately assess Patient J.D. and document interventions she provided when the patient had a significant change of condition. After Respondent was notified by the house staff that the patient had vomited, she assessed the patient's lung sounds but failed to inquire of staff or read the staff communication log to determine when the patient first began vomiting. Respondent instructed the staff to keep the patient's tube feeding turned off until she returned to the home in a couple hours. When Respondent returned to the patient's home she noticed the patient was having seizure like symptoms and Respondent notified her charge RN who instructed Respondent to send the patient out via 911. Respondent's conduct exposed the patient unnecessarily to the risk of harm from delayed treatment, and deprived the patient of the benefit of medical interventions, which may have contributed to the patient's death.
8. In response to Finding of Fact Number Seven (7), Respondent states she was notified around 1:30 p.m. by the house staff that the patient had vomited and she instructed the staff to stop the patient's tube feeding and went to assess the patient. Respondent states the patient was

sitting up in his wheelchair, he was not coughing or wheezing and his breathing was unlabored. Respondent states she instructed staff to leave the tube feeding off until she returned at 4:00 p.m. to re-assess the patient. Respondent states when she returned and administered the patient's medication, it appeared the patient was having a seizure. Respondent states the patient's pulse oximeter was taken and was 87% and she was unable to get a blood pressure and pulse because of the spastic movement. Respondent states she called the on-call nurse and reported the patient's condition and received instructions to send the patient out to the Emergency Room.
