BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED  
Registered Nurse License Number 846713 §  
issued to ELENA MARIE PASTUSEK § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ELENA MARIE PASTUSEK, Registered Nurse License Number 846713, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on June 10, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Tech University, Lubbock, Texas, on August 1, 2013. Respondent was licensed to practice professional nursing in the State of Texas on October 31, 2013.
5. Respondent's nursing employment history includes:

---

10/2013 - Present	Registered Nurse	NorthStar Surgical Center Lubbock, Texas
-------------------	------------------	---

Respondent's nursing employment history continued:

10/2013 - Present      Perioperative Nurse      University Medical Center  
Lubbock, Texas

6. At the time of the incidents, Respondent was employed as a Registered Nurse with NorthStar Surgical Center, Lubbock, Texas, and had been in that position for nine (9) months.
7. On or about July 15, 2014, while employed as a Registered Nurse with NorthStar Surgical Center, Lubbock, Texas, Respondent failed to complete a comprehensive assessment of Patient Number 80862 at the beginning of the shift, and document assessment data in the patient's medical record. Respondent's conduct resulted in an incomplete medical record, and was likely to harm the patient from clinical care decisions formulated upon incomplete assessment information.
8. On or about July 15, 2014, while employed as a Registered Nurse with NorthStar Surgical Center, Lubbock, Texas, Respondent failed to appropriately conduct cardiopulmonary resuscitation (CPR) and use a back board for the aforementioned Patient Number 80862. Respondent attempted CPR on the patient while still in bed, which would not provide the base required for effective compressions and ventilation to occur during the CPR process. Respondent's conduct was likely to injure the patient in that improper resuscitation and emergency care techniques may result in ineffective lifesaving treatment, possibly resulting in death.
9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that when she began her shift at 2200, she received report at the patient's bedside. Respondent states that she was working with a licensed vocational nurse (LVN) during her shift and the LVN had been caring for the patient already for several hours. Respondent adds that the LVN reported to her that the patient was resting with deep, even respirations, and also checked on the patient at 2340. Respondent states that when she found the patient unresponsive, she flattened the bed, raised patient's chin and began chest compressions. Respondent states that she did not put the patient on the floor for back support because there were only two (2) people present during that time and she didn't want to put the patient at risk of hitting her head on the floor during transport from the bed to the floor. Respondent adds that since Emergency Medical Services were on the way, she felt continued compressions were more beneficial for the patient.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 846713, heretofore issued to ELENA MARIE PASTUSEK.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
