BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Vocational Nurse License Number 168834 §
issued to TONYA LYNN ROSS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of TONYA LYNN ROSS, Vocational Nurse License Number 168834, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(2)&(10), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 7, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing and agreed to the entry of this Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Del Mar College, Corpus Christi, Texas, on August 19, 1998. Respondent was licensed to practice Vocational nursing in the State of Texas on September 17, 1998.
5. Respondent's nursing employment history is unknown.

6. On or about June 25, 2013, Respondent submitted an Online Renewal Document Licensed Vocational Nurses to the Texas Board of Nursing, in which she provided false, deceptive, and/or misleading information, in that she answered "No" to the question:

"Have you, within the past 24 months or since your last renewal, for any criminal offense, including those pending appeal:

- A. been convicted of a misdemeanor?
- B. been convicted of a felony?
- C. pled nolo contendere, no contest, or guilty?
- D. received deferred adjudication?
- E. been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
- F. been sentenced to serve jail or prison time? court-ordered confinement?
- G. been granted pre-trial diversion?
- H. been arrested or any pending criminal charges?
- I. been cited or charged with any violation of the law?
- J. been subject of a court-martial; Article 15 violation, or received any form of military judgment/punishment/action?"

Respondent failed to disclose that on or about June 23, 2013, Respondent was arrested by the Ingleside Police Department, Ingleside, Texas, and subsequently charged under Cause No. 76257 with DRIVING WHILE INTOXICATED, a class B misdemeanor offense. On or about August 20, 2014, Cause No. 76257 was dismissed in the County Court at Law of San Patricio County, Texas, for the reason: the States of Texas Moves to dismiss this cause pursuant to TEXAS PENAL CODE §12.45 and in consideration for his/her plea in cause number 76739. At the time Respondent submitted the renewal the charge was pending.

7. On or about August 4, 2013, Respondent was arrested by the Ingleside Police Department, Ingleside, Texas, for DRIVING WHILE INTOXICATED, a class B misdemeanor offense. On or about August 20, 2014, Respondent entered a plea of Guilty and was convicted of DRIVING WHILE INTOXICATED, a Class A misdemeanor committed on August 4, 2013, in the County Court at Law of San Patricio County, Texas, under Cause No. 76739. As a result of conviction, Respondent was sentenced to confinement in the San Patricio County Jail for a period of three hundred sixty-five (365) days; however, imposition of the sentence of confinement was suspended, and Respondent was placed on probation for a period of five hundred forty (540) days, and ordered to pay a fine and court costs.
8. In response to Findings of Fact Numbers Six (6) and Seven (7), Respondent states she was stunned by the letter and charges against her, falsifying any information is certainly nothing she intentionally or maliciously has done in her life. She can not answer why on June 25, 2013, she checked the box "No". She was in a relationship with a man where she was mentally and physically abused. He cut her throat just enough where it bled to intimidate her

and choked her on numerous occasions. On the night in question, she was with her two daughters and friends celebrating a friend's birthday, he learned of her whereabouts and threatened to kill her and both of her daughters. She took the threat seriously, she left and was involved in an accident which resulted in her eventual arrest for DWI. August 3, 2013, was almost identical to the previous situation, she feared for both her life and the life of her child and that was greater than the fear of possible consequences of driving to a safe place.

9. On April 10, 2015, Respondent was seen by Dr Troy Martinez, Psy.D. who stated the following:

Respondent has criminal arrest history consisting of two arrests for DWI within a span of 2 months in 2014 amidst a very tumultuous, abusive dating relationship. This relationship ended in April 2014 after approximately 1 year and only when he became a felony fugitive after fleeing police following a vicious assault on Respondent. That ultimately required reconstructive surgeries and has left her with neuropathy in the facial area. While it is evident that Respondent was misusing alcohol during this discreet period of time, seemingly as an emotional crutch within the stress of this relationship for which she was poorly equipped to manage in a more productive way, Dr Martinez believes this period in her life was unique and not representative of her customary management of stress. Apart from these unusual circumstances, there is little other historical information to indicate mental health concerns adversely impacting her capacity for professional fitness or need for mental health or substance use treatment at this time. Based on the totality of available information, Dr Martinez believes her invalidating both instruments of objective testing indeed reflects situational factors specific to the scrutiny of investigation rather than an underlying pathology. As such, findings from this evaluation provide little compelling evidence of impairment to such a nature or degrees that would prevent her from practicing nursing with a reasonable degree of skill and safety to patients.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of chemical dependency.
11. Formal Charges were filed on January 23, 2015.
12. Formal Charges were mailed to Respondent on January 26, 2015.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.12(6)(I)&(13).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(2)&(10), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 168834, heretofore issued to TONYA LYNN ROSS.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
