Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Vocational Nurse License Number 92329 §
issued to SHIRLEY JEAN CAS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of SHIRLEY JEAN CAS, Vocational Nurse License Number 92329, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on June 29, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Burns Hospital of Vocational Nursing, Cuero, Texas on September 3, 1981. Respondent was licensed to practice vocational nursing in the State of Texas on December 11, 1981.
5. Respondent's nursing employment history includes:

12/1981 - 6/1982	Staff Nurse	Covenant Medical Center Lubbock, Texas
------------------	-------------	---

Respondent's nursing employment history continued:

6/2000 - 1/2007	Staff Nurse	Lubbock Hospitality and Rehabilitation Lubbock, Texas
2/2007 - Unknown	Staff Nurse	The Plaza at Lubbock Lubbock, Texas
7/2008 - 2/2015	Staff Nurse	Lubbock Hospitality and Rehabilitation Lubbock, Texas
3/2015 - Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Lubbock Hospitality and Rehabilitation Lubbock, Texas, had been in that position for six (6) years and six (6) months.
7. On or about January 17, 2015, through January 18, 2015, while employed as a Staff Nurse with Lubbock Hospitality and Rehabilitation, Lubbock, Texas, Respondent failed to notify the physician as ordered when the blood glucose level of Patient Number 2014063 fell below 50 mg/dL twice during her shift. Respondent administered two 1 mg doses of Glucagon, however, the patient was ultimately found unresponsive and required cardiopulmonary resuscitation (CPR). Respondent's conduct was likely to injure the patient in that it deprived the physician of the opportunity to implement interventions required to stabilize the patient's condition and may have contributed to the patient's cardiopulmonary arrest.
8. On or about January 17, 2015, through January 18, 2015, while employed as a Staff Nurse with Lubbock Hospitality and Rehabilitation, Lubbock, Texas, Respondent failed to remain with aforementioned Patient Number 2014063 when she found him unresponsive. Instead, Respondent left the patient with unlicensed staff and confirmed his code status. Upon returning, Respondent initiated CPR as appropriate, however she again left the patient to call 911 and obtain a defibrillator, resulting in a failure of CPR to be continuously administered as required. Emergency Services arrived, stabilized and transferred the patient to the hospital where he expired two days later of anoxic brain injury. Respondent's conduct was likely to injure the patient from complications of ineffective CPR including anoxic brain injury and subsequent demise.
9. On or about January 17, 2015, through January 18, 2015, while employed as a Staff Nurse with Lubbock Hospitality and Rehabilitation, Lubbock, Texas, Respondent falsely documented in the medical record of aforementioned Patient Number 2014063 to reflect that she immediately initiated and continuously provided CPR to aforementioned Patient

Number 2014063. In addition, Respondent inaccurately documented that the Director of Nursing had been notified of the of the patient's status, when in fact she had not. Respondent's conduct created an inaccurate medical record and was likely to injure the patient in that other care givers would rely on it to provide further care.

10. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the patient had frequent bouts of low blood sugar and nausea/vomiting. Respondent states that she suggested he be sent to the hospital, but he refused. Further, Respondent states she did not call the doctor for the low blood sugar since they had an order for treatment. Respondent states when his blood sugar was very low that night she gave him a Glycogen injection. ~~Regarding Finding of Fact Number Eight (8), Respondent states that when he became unresponsive, she was alone but for one CNA. Respondent ran to check his chart for code status, then went to the patient and did compressions, then stopped to call 911. Respondent states after calling 911 she had to run to the other side of the building to get the defibrillator.~~
