Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 756195 §
issued to VIANA HODGE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of VIANA HODGE, Registered Nurse License Number 756195, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(3),(10)&(12), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on June 18, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received a Baccalaureate Degree in Nursing from the University of Texas, Austin, Texas, on May 12, 2008. Respondent was licensed to practice professional nursing in the State of Texas on June 24, 2008.
5. Respondent's nursing employment history is unknown.

6. On or about October 29, 2014, Respondent entered a plea of guilty to POSSESSION OF MORPHINE 4G - 200G, a 2nd Degree felony offense committed on or about October 27, 2014, in the 176th District Court, Harris County, Texas, under Cause No. 144646801010. As a result of the plea, proceedings against Respondent were deferred, without entering an adjudication of guilt, and Respondent was placed on probation for a period of two (2) years, and ordered to pay a fine and court costs.
7. On or about September 30, 2014, through present, Respondent may have lacked fitness to practice nursing, in that she was diagnosed with, and treated for, a mental health condition that could result in an injury to a patient or the public. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. In response to Finding of Fact Numbers Six (6) and Seven (7), Respondent does not dispute the criminal charge, but states she was not working as a nurse or on duty as a nurse at the times referenced in Finding of Fact Number Six (6). Additionally, Respondent self-reported the incident to the Board of Nursing on January 13, 2015, and began attending Narcotics Anonymous twice a week at that time. Respondent generally and specifically denies lack of fitness.
9. Formal Charges were filed on April 1, 2015.
10. Formal Charges were mailed to Respondent on April 2, 2015.
11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555 , the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of TEX. ADMIN. CODE §217.12(1)(A),(4),(5),(11)(B)&(13).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(3),(10)&(12), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 756195, heretofore issued to VIANA HODGE, including revocation of Respondent's license(s) to practice nursing in the State of Texas.

5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.

This requirement will not be satisfied until twelve (12) quarterly periods of employment as a nurse have elapsed. Any quarterly period without continuous employment with the same employer for all three (3) months will not count towards completion of this requirement. Direct supervision requires another nurse, as applicable, to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT be self-employed or contract for services. - E. No Critical Care:** For the first year [four (4) quarters] of employment as a Nurse under this Order, RESPONDENT SHALL NOT practice as a nurse in any critical care area. - G. Indirect Supervision:** For the remainder of the probation period, RESPONDENT SHALL be supervised by a Registered Nurse, if licensed as a Registered Nurse, or by a Licensed Vocational Nurse or a Registered Nurse, if licensed as a Licensed Vocational Nurse, who is on the premises. The supervising nurse is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising nurse shall have a minimum of two (2) years experience in the same or similar

practice setting to which the Respondent is currently working. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). These reports shall be completed by the nurse who supervises the RESPONDENT and these reports shall be submitted by the supervising nurse to the office of the Board at the end of each three (3) month quarterly period for twelve (12) quarters [three (3) years] of employment as a nurse.

VI. DRUG AND ALCOHOL RELATED REQUIREMENTS

- A. While under the terms of this Order, RESPONDENT SHALL **abstain from the use of alcohol, tramadol and all controlled substances**, except as prescribed by a licensed practitioner for a legitimate purpose. If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. The performing evaluator must submit a written report meeting the Board's requirements to the Board's office within thirty (30) days from the Board's request.
- B. While working as a nurse under the terms of this Order, RESPONDENT SHALL **submit to random periodic screens for alcohol, tramadol, and controlled substances**. The Board will provide instructions on how to enroll in the Board's drug and alcohol testing program following the entry of this Order and screening will begin when Respondent obtains employment and submits the Notification of Employment form to the Board.
- For the first three (3) month [1st quarter] period RESPONDENT works as a nurse under the terms of this Order, random screens shall be performed at least once per week.
 - For the next three (3) month [2nd quarter] period, random screens shall be performed at least twice per month.
 - For the next six (6) month period [3rd & 4th quarters], random screens shall be performed at least once per month.

- For the remainder of the probation period, random screens shall be performed at least once every three (3) month quarterly period.

All random screens SHALL BE conducted through urinalysis. Screens obtained through urinalysis are the sole method accepted by the Board. Any test result for a period of time in which the RESPONDENT is not working as a nurse under the terms of this Order will not count towards satisfaction of this requirement. All screens shall be properly monitored and produced in accordance with the Board's policy on Random Drug Testing. A complete chain of custody shall be maintained for each specimen obtained and analyzed. RESPONDENT SHALL be responsible for the costs of all random drug screening during the stipulation/probation period.

Specimens shall be screened for at least the following substances and their metabolites:

Amphetamines	Meperidine
Barbiturates	Methadone
Benzodiazepines	Methaqualone
Cannabinoids	Opiates
Cocaine	Phencyclidine

A Board representative may appear at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

Consequences of Positive or Missed Screens. Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.

VII. FURTHER COMPLAINTS

If, during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

VIII. RESTORATION OF UNENCUMBERED LICENSE(S)

Upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.
