BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED  
Registered Nurse License Number 825850 §  
issued to MATTHEW CLARKE AYCOCK § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MATTHEW CLARKE AYCOCK, Registered Nurse License Number 825850, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on September 23, 2015.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Angelo State University, San Angelo, Texas, on August 8, 2011. Respondent was licensed to practice professional nursing in the State of Texas on September 11, 2012.
5. Respondent's nursing employment history includes:
 

9/2012-1/2014	Staff Nurse	Shannon Medical Center San Angelo, Texas
---------------	-------------	---

Respondent's nursing employment history continued:

1/2014-Present	Staff Nurse	Rivercrest Hospital San Angelo, Texas
----------------	-------------	--

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Shannon Medical Center, San Angelo, Texas, and had been in that position for nine (9) months.
7. On or about June 6, 2013, while employed as a Staff Nurse with Shannon Medical Center, San Angelo, Texas, Respondent failed to document a discharge summary in the medical record of Patient Medical Number 8635994. Respondent's conduct resulted in an incomplete medical record and was likely to injure the patient in that subsequent care givers would not have accurate and complete information on which to base their care decisions.
8. On or about July 15, 2013, while employed as a Staff Nurse with Shannon Medical Center, San Angelo, Texas, Respondent failed to administer Diuril 250mg, a diuretic medication, to Patient Number 8652191, as ordered, and instead administered 500mg. Respondent's conduct exposed the patient to a risk of harm from unnecessary administration of extra doses of diuretic medication, which could result in low blood pressure or altered fluid status.
9. On or about August 25, 2013, while employed as a Staff Nurse with Shannon Medical Center, San Angelo, Texas, Respondent failed to document an assessment in the medical record of Patient Medical Record Number 8668743, including documentation reflecting that the patient's status was deteriorating. The patient experienced respiratory distress and required transfer to the intensive care unit (ICU). Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent care givers would not have accurate and complete information on which to base their care decisions.
10. On or about October 11, 2013, while employed as a Staff Nurse with Shannon Medical Center, San Angelo, Texas, Respondent failed to administer a hepatitis vaccine to Patient Number 8690610, as ordered to be given at discharge. In addition, Respondent failed to document a discharge summary in the patient's medical record. Respondent's conduct resulted in an incomplete medical record, and was likely to injure the patient in that failure to administer vaccinations as ordered by the physician could result in altered health status.
11. In response to the incident in Finding of Fact Number Nine (9), Respondent states that was his first time taking care of the patient. Respondent recalls that he was the one who alerted both the respiratory technician and also the physician when the patient's condition deteriorated. In response to the incident in Finding of Fact Number Ten (10), Respondent states that the policy at the facility was to administer vaccines at discharge, but the vaccines were not always in the patient's medical record and the nurses would be unaware that they were ordered until they were given discharge paperwork. Respondent states that it was then not unusual for patients to refuse the vaccines at that time so they would not have to wait longer for discharge.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C),(1)(D)&(1)(M) and 22 TEX. ADMIN. CODE §217.12(1)(A), (1)(B),(1)(C)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 825850, heretofore issued to MATTHEW CLARKE AYCOCK.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
