If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. The performing evaluator must submit a written report meeting the Board's requirements to the Board's office within thirty (30) days from the Board's request.
- B. While working as a nurse under the terms of this Order, RESPONDENT SHALL submit to random periodic screens for alcohol, tramadol, and controlled substances. The Board will provide instructions on how to enroll in the Board's drug and alcohol testing program following the entry of this Order and screening will begin when Respondent obtains employment and submits the Notification of Employment form to the Board.

- For the first three (3) month [1st quarter] period RESPONDENT works as a nurse under the terms of this Order, random screens shall be performed at least once per week.
- For the next three (3) month [2nd quarter] period, random screens shall be performed at least twice per month.
- For the next six (6) month period [3rd & 4th quarters], random screens shall be performed at least once per month.

All random screens SHALL BE conducted through urinalysis. Screens obtained through urinalysis are the sole method accepted by the Board. Any test result for a period of time in which the RESPONDENT is not working as a nurse under the terms of this Order will not count towards satisfaction of this requirement. All screens shall be properly monitored and produced in accordance with the Board's policy on Random Drug Testing. A complete chain of custody shall be maintained for each specimen obtained and analyzed. RESPONDENT SHALL be responsible for the costs of all random drug screening during the stipulation/probation period.

Specimens shall be screened for at least the following substances and their metabolites:

Amphetamines	Meperidine
Barbiturates	Methadone

A Board representative may appear at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

Consequences of Positive or Missed Screens. Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.

- C. While under the terms of this Order, RESPONDENT SHALL attend at least two (2) support group meetings each week, one of which must be for substance abuse and provided by Alcoholics Anonymous, Narcotics Anonymous, or another comparable recovery program that has been pre-approved by the Board. IX. RESTORATION OF UNENCUMBERED LICENSE(S)

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § CONFIDENTIAL
Registered Nurse License Number 687458 § AGREED ORDER FOR

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of REBECKA DIANA MCFATRIDGE, Registered Nurse License Number 687458, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 21, 2015.

FINDINGS OF FACT

- 1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

4. Respondent received an Associate Degree from Columbia State Community College, Columbia, Tennessee, on May 8, 2001. Respondent was licensed to practice professional nursing in the State of Texas on July 8, 2002.
5. Respondent's professional nursing employment history includes:
5/2001 - 5/2002 RN Maury Regional Hospital Columbia, Tennessee

7. On or about January 20, 2014, while employed as a Registered Nurse with Christus Spohn Beeville, Beeville, Texas, Respondent lacked fitness to practice professional nursing in that she was observed acting in a strange manner, talking to herself, laughing, fumbling with paperwork and equipment, and talking in a slower than usual speech pattern. Additionally, Respondent admitted to taking a pain killer medication that was not prescribed to her. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. On or about January 20, 2014, while employed as a Registered Nurse with Christus Spohn Beeville, Beeville, Texas, Respondent engaged in the intemperate use of Cocaine in that she provided a specimen for a reasonable suspicion drug screen which resulted positive for Cocaine. to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

9. In response to Finding of Fact Number Eight (8), Respondent states that she has a severe back injury and made a bad decision offered by "this person" as a pain relief mechanism. Respondent adds that she received drug counseling by a licensed counselor in addition to providing multiple negative drug screens shortly after dismissal from Christus Spohn.
10. Respondent's conduct as described in the preceding Finding(s) of Fact was reportable under the provisions of Sections 301.401-301.419, Texas Occupations Code.
11. Respondent's conduct as described in the preceding Finding(s) of Fact resulted from or was significantly influenced by Respondent's substance use disorder.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or substance use disorder.
13. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B)&(1)(T) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B),(4),(5),(10)(A),(10)(D)&(11)(B).

5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.
6. The Board may, in its discretion, order a nurse to participate in a peer assistance program approved by the Board if the nurse would otherwise have been eligible for referral to peer assistance pursuant to Section 301.410, Texas Occupations Code.
