

Respondent's nursing employment history continued:

11/14 - 01/15	LVN	Park Place Manor Belton, Texas
02/15 - 06/15	LVN	Epic Health Services Temple, Texas
07/15 - Present	LVN	King's Daughters Clinic-Little River Healthcare Temple, Texas

6. At the time of the initial incidents, Respondent was employed as a Licensed Vocational Nurse with Epic Health Services, Temple, Texas, and had been in that position for one (1) month.
7. On or about March 1, 2015, through June 10, 2015, while employed as a Licensed Vocational Nurse with Epic Health Services, Temple, Texas, Respondent violated the professional boundaries of the nurse/client relationship by inappropriately engaging in a sexual relationship with Patient Medical Record Number 1106's brother. Respondent's conduct was likely to injure the patient in that it could have resulted in confusion between the needs of the nurse and those of the patient. In addition, Respondent's conduct may have caused delayed distress for the patient, which may not be recognized or felt by the patient until harmful consequences occur.
8. On or about March 1, 2015, through June 10, 2015, while employed as a Licensed Vocational Nurse with Epic Health Services, Temple, Texas, Respondent left Patient Medical Record Number 1106 without adequate supervision, in that Respondent left the patient while she engaged in an intimate relationship with the patient's brother. Respondent's conduct exposed the patient unnecessarily to risk of harm in that leaving the nursing assignment could have resulted in the patient not getting the care needed.
9. On or about March 22, 2016, Respondent successfully completed a Board approved class in Professional Boundaries in Nursing, which would have been a requirement of this Order.
10. On or about March 22, 2016, Respondent successfully completed a Board approved class in Sharpening Critical Thinking Skills, which would have been a requirement of this Order.
11. In response to Findings of Fact Numbers Seven (7) through Eight (8), Respondent admits she was in a relationship with Patient Medical Record Number 1106's brother, but denies it ever interfered with her patient care. Respondent states all the interactions between herself and the patient's brother during work hours were professional and limited to the occasional casual conversation. Respondent states there were no allegations of inappropriate behavior until she ended the relationship.
