Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 768575 §
issued to MISTI BIBB CONBOY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MISTI BIBB CONBOY, Registered Nurse License Number 768575, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 6, 2016.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing and agreed to the entry of this Order.
3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.
4. Respondent received an Associate Degree in Nursing from Collin County Community College, McKinney, Texas, on May 14, 2009. Respondent was licensed to practice professional nursing in the State of Texas on June 2, 2009.
5. Respondent's nursing employment history includes:

06/09 - 07/11	Staff Nurse	Baylor University Medical Center Dallas, Texas
06/10 - 08/10	Staff Nurse	Medical Center of McKinney McKinney, Texas

Respondent's nursing employment history continued:

06/10 - 08/10	Staff Nurse	Medical Center of McKinney McKinney, Texas
01/12 - 06/14	Staff Nurse	Medical City Dallas Hospital Dallas, Texas
10/2/14 - 10/31/14	Staff Nurse	Star Medical Center Plano, Texas
11/14 - Present	Unknown	

6. On April 16, 2012, Respondent was issued an Agreed Order by the Texas Board of Nursing which required her to participate and successfully complete the Texas Peer Assistance Program for Nurses. Respondent completed the Peer Assistance Program in August 2013.
7. At the time of the initial incident, Respondent was employed as a Staff Nurse with Medical City Dallas Hospital, Dallas, Texas, and had been in that position for two (2) years and four (4) months.
8. On or about May 29, 2014, while employed with Medical City Dallas Hospital, Dallas, Texas, Respondent withdrew six (6) doses of Hydromorphone 1mg from the PYXIS Medication Dispensing System for Patient Medical Record Number H00727736425, but failed to follow the facility policy and procedures for the wastage. The physician's order was for Hydromorphone .5mg IV every two (2) hours as needed for pain. Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
9. From November 13, 2013, through October 21, 2014, while employed with Star Medical Center, Plano, Texas, Respondent engaged in the intemperate use of drugs in that she went to fifteen (15) different physicians and obtained sixty-seven (67) prescriptions, for medications including: Zolpidem (Ambien), Hydrocodone, Alprazolam (Xanax), Suboxone, and Vicodin. In addition, on May 20, 2014, Respondent obtained an overlapping prescription for Hydrocodone. The use of controlled substances, including: Zolpidem (Ambien), Hydrocodone, Alprazolam (Xanax), Suboxone, and Vicodin, by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
10. On or about October 31, 2014, while employed with Star Medical Center, Plano, Texas, Respondent lacked fitness to practice nursing in that she arrived to her shift forty (40) minutes late and was observed by staff exhibiting behaviors that included: having dilated pupils, difficulty with speaking, difficulty balancing while walking, being confused, drowsy, unable to focus, unable to get report on her patients, unable to log onto the computer, and

unable to care for the patients assigned to her care. Respondent disclosed that on her way to work she had difficulty driving, she ran over a few curbs and was weaving into different lanes. Respondent was evaluated by a supervisor who determined that Respondent was unfit to care for the patients. After Respondent refused to be seen by the emergency room physician, she was driven home by the supervisor. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in the patient's condition, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
12. Formal Charges were filed on June 29, 2015.
13. Formal Charges were mailed to Respondent on June 30, 2015.
14. Respondent provided a letter of support from Leonard Keese, RN, LCDC, NCAC II, that attests to Respondent's sobriety and good recovery. Mr. Keese states that Respondent attends 2-3 Twelve Step meetings weekly, as well as Mr. Keese's Nurse Support Group. Respondent also provided a letter of support from her recovery sponsor, which states Respondent has attended recovery group meetings since February 2012.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE § and 22 TEX. ADMIN. CODE §217.12(1)(B),(1)(E),(4),(5),(10)(A),(10)(C),(11)(B)&(13).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(9),(10)&(12), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 768575, heretofore issued to MISTI BIBB CONBOY, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.

Direct supervision requires another nurse, as applicable, to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT be self-employed or contract for services. Multiple employers are prohibited.
- D. **No Night or Rotating Shifts, Overtime, or On-Call:** For the first year [four (4) quarters] of employment as a Nurse under this Order, RESPONDENT SHALL NOT practice as a nurse on the night shift, rotate shifts, work overtime, accept on-call assignments, or be used for coverage on any unit other than the identified, predetermined unit(s) to which Respondent is regularly assigned.
- E. **No Critical Care:** For the first year [four (4) quarters] of employment as a Nurse under this Order, RESPONDENT SHALL NOT practice as a nurse in any critical care area. Critical care areas include, but are not limited to,

The supervising nurse is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising nurse shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. VI. DRUG AND ALCOHOL RELATED REQUIREMENTS

- A. While under the terms of this Order, RESPONDENT SHALL abstain from the use of alcohol, tramadol and all controlled substances, except as prescribed by a licensed practitioner for a legitimate purpose. If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. The performing evaluator must submit a written report meeting the Board's requirements to

the Board's office within thirty (30) days from the Board's request.

B. While working as a nurse under the terms of this Order, RESPONDENT SHALL submit to random periodic screens for alcohol, tramadol, and controlled substances. The Board will provide instructions on how to enroll in the Board's drug and alcohol testing program following the entry of this Order and screening will begin when Respondent obtains employment and submits the Notification of Employment form to the Board.

- For the first three (3) month [1st quarter] period RESPONDENT works as a nurse under the terms of this Order, random screens shall be performed at least once per week.
- For the next three (3) month [2nd quarter] period, random screens shall be performed at least twice per month.
- For the next six (6) month period [3rd & 4th quarters], random screens shall be performed at least once per month.

All random screens SHALL BE conducted through urinalysis. Screens obtained through urinalysis are the sole method accepted by the Board. Any test result for a period of time in which the RESPONDENT is not working as a nurse under the terms of this Order will not count towards satisfaction of this requirement. All screens shall be properly monitored and produced in accordance with the Board's policy on Random Drug Testing. A complete chain of custody shall be maintained for each specimen obtained and analyzed. RESPONDENT SHALL be responsible for the costs of all random drug screening during the stipulation/probation period.

Specimens shall be screened for at least the following substances and their metabolites:

Amphetamines	Meperidine
Barbiturates	Methadone
Benzodiazepines	Methaqualone
Cannabinoids	Opiates
Cocaine	Phencyclidine
Ethanol	Propoxyphene

A Board representative may appear at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

Consequences of Positive or Missed Screens. Any positive result for which

RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.

- C. While under the terms of this Order, RESPONDENT SHALL **attend at least two (2) support group meetings each week**, one of which must be for substance abuse and provided by Alcoholics Anonymous, Narcotics Anonymous, or another comparable recovery program that has been pre-approved by the Board. RESPONDENT SHALL CAUSE the physician to submit written reports to the Board, which shall include, at a minimum, the clinical indications and rationale for the chronic use of controlled substances, RESPONDENT'S progress and compliance with pain management therapy, and a prognosis as to RESPONDENT'S ability to safely practice nursing in a direct patient care setting. Such reports are to be furnished each and every month for three (3) months. If therapy is recommended for beyond three (3) months, the reports shall then be required at the end of each three (3) month quarterly period for the duration of the stipulation probation period, or until RESPONDENT no longer requires the use of controlled

substances.

VIII. FURTHER COMPLAINTS

If, during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

IX. RESTORATION OF UNENCUMBERED LICENSE(S)

Upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 768575 §
issued to MISTI BIBB CONBOY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MISTI BIBB CONBOY, Registered Nurse License Number 768575, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10),(12)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on January 11, 2012, by Katherine A. Thomas, MN, RN, FAAN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Collin County Community College, McKinney, Texas, on May 14, 2009. Respondent was licensed to practice professional nursing in the State of Texas on June 2, 2009.

6. On or about November 19, 2010, while employed with Baylor University Medical Center, Dallas, Texas, Respondent failed to administer Bumex 25mg to Patient Medical Record Number 00403844 as ordered by the physician. The physician's order was for Bumex 25mg to infuse at 1mg/hour, Respondent set up the infusion pump and programmed it to infuse all the medication in one hour. Respondent's conduct was likely to expose the patient unnecessarily to a risk of harm in that administration of medication in excess frequency of the physician's order could result in the patient suffering from adverse reactions.
7. On or about March 19, 2011 and March 20, 2011, while employed with Baylor University Medical Center, Dallas, Texas, Respondent failed to document the status and nursing care provided for Patients Medical Record Numbers 01194641, 01002617, 01405544, 1389265-010 and 01115617 who were assigned to her care. Respondent's conduct resulted in an incomplete medical record and was likely to deceive subsequent care givers who relied on the information while providing care to the patients.
8. On or about April 21, 2011, while employed with Baylor University Medical Center, Dallas, Texas, Respondent lacked fitness to practice professional nursing in that while on duty she was observed to have slurred speech and one of her eyes seemed to drift. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in the patient's condition, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. On or about April 25, 2011, while employed with Baylor University Medical Center, Dallas, Texas, Respondent lacked fitness to practice professional nursing in that she disclosed to the facility that she was admitted to an in-patient treatment facility for depression and other issues. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in the patient's condition, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
10. In response to Findings of Fact Numbers Six (6) through Nine (9), Respondent states that she voluntarily entered the TPAPN program in the summer of 2011.
11. The Respondent's conduct described in the preceding Findings of Fact was reportable under the provisions of Sections 301.401-301.419, Texas Occupations Code.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
13. Respondent's conduct described in Findings of Fact Numbers Six (6) through Nine (9) resulted from Respondent's impairment by dependency on chemicals and mental illness.

14. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10),(12)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(C),(1)(D)&(1)(T) and 217.12(1)(A),(1)(B),(1)(E),(4),(5)&(6)(C).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 768575, heretofore issued to MISTI BIBB CONBOY, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
5. The Board may, in its discretion, order a nurse to participate in a peer assistance program approved by the Board if the nurse would otherwise have been eligible for referral to peer assistance pursuant to Section 301.410, Texas Occupations Code.

ORDER

IT IS THEREFORE AGREED and ORDERED that RESPONDENT, in lieu of the sanction of Revocation under Section 301.453, Texas Occupations Code, SHALL comply with the following conditions for such a time as is required for RESPONDENT to successfully complete the Texas Peer Assistance Program for Nurses (TPAPN):

(1) RESPONDENT SHALL, within forty-five (45) days following the date of entry of this final Order, apply to TPAPN and SHALL, within ninety (90) days following the date of entry of this final Order, sign and execute the TPAPN participation agreement, which SHALL include payment of a non-refundable participation fee in the amount of five hundred dollars (\$500.00) payable to TPAPN.

(2) Upon acceptance into the TPAPN, RESPONDENT SHALL waive confidentiality and provide a copy of the executed TPAPN participation agreement to the Texas Board of Nursing.

IT IS FURTHER AGREED and ORDERED that this Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

IT IS FURTHER AGREED, SHOULD RESPONDENT fail to comply with this Order or the terms of the participation agreement with the TPAPN, such noncompliance will result in further disciplinary action including EMERGENCY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

RESPONDENT'S CERTIFICATION

I understand that I have the right to legal counsel prior to signing this Agreed Order. I have reviewed this Order. I neither admit nor deny the violations alleged herein. I do acknowledge possessing a diagnosis that deems me eligible to participate in the Texas Peer Assistance Program for Nurses. By my signature on this Order, I agree to the Findings of Fact, Conclusions of Law, and Conditions One (1) through Four (4) of this Order to obtain disposition of the allegations through peer assistance and to avoid further disciplinary action in this matter.
