Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Registered Nurse License Number 788507 §
issued to ALBERTO CAVAZOS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of ALBERTO CAVAZOS, Registered Nurse License Number 788507, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on July 15, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas A&M International, Laredo, Texas, on May 15, 2010. Respondent was licensed to practice professional nursing in the State of Texas on July 13, 2010.
5. Respondent's professional nursing employment history includes:

July 2010 - 2012	RN	Laredo Medical Center Laredo, Texas
2011 - 2012	RN	San Jose Home Health LLC Laredo, Texas

Respondent's professional nursing employment history continued:

2012 - Present RN Fort Duncan Medical Center
Eagle Pass, Texas

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Laredo Medical Center, Laredo, Texas, and had been in this position for one (1) year and eight (8) months.
7. On or about March 27, 2012, while employed as a Registered Nurse with Laredo Medical Center, Laredo, Texas, Respondent documented the administration of Zofran, Demerol, and Toradol for Patient 9088148 before the medications were removed from the Medication Dispensing System. Respondent's conduct resulted in an inaccurate, incomplete medical record, and was likely to injure the patient in that subsequent care givers would rely on his documentation in order to provide further patient care.
8. On or about March 27, 2012, while employed as a Registered Nurse with Laredo Medical Center, Laredo, Texas, Respondent withdrew Morphine from the Medication Dispensing System for Patient 9088148, but failed to document, or accurately document, the administration of the medications in the Patient's Medication Administration Records and/or Nurse's Notes. Respondent's conduct was likely to injure the patient in that subsequent care givers would rely on his documentation to further medicate the patient, which could result in an overdose.
9. On or about March 27, 2012, while employed as a Registered Nurse with Laredo Medical Center, Laredo, Texas, Respondent withdrew Morphine from the Medication Dispensing System for Patient 9088148, but failed to follow the facility's policy and procedures for the wastage of any of the unused portions of the medication. Respondent's conduct was likely to deceive the hospital pharmacy and placed them in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
10. On or about March 27, 2012, while employed as a Registered Nurse with Laredo Medical Center, Laredo, Texas, Respondent misappropriated Morphine belonging to the facility and patients thereof, or failed to take the precautions to prevent such misappropriation. Respondent's conduct was likely to defraud the facility and patients of the cost of medications, and is a violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
11. In response to Findings of Fact Numbers Seven (7) through Ten (10), Respondent states: "I withdrew Toradol and Zofran for patient 9088148. Immediately after withdrawing them from the dispensing system, I documented the medications on the patient's electronic health record on my way to administer them as ordered. Prior to administering the patient's medications, I encountered another patient of higher acuity who required my immediate attention. In prioritizing my duties, time lapsed and the Toradol and Zofran were given after the documented time stamp. The documented time and the actual administration time do not coincide. I realize there is an obvious discrepancy which should not have occurred. Documenting medications prior to administering them is not my standard practice."
