In order to complete the terms of this Order, RESPONDENT must work as an advanced practice registered nurse, providing direct patient care in a clinical healthcare setting, for a minimum of sixty-four (64) hours per month for four (4) quarterly periods [one (1) years] of employment. This requirement will not be satisfied until four (4) quarterly periods of employment as an advanced practice registered nurse have elapsed. Any quarterly period without continuous employment as an advanced practice registered nurse with the same employer for all three (3) months will not count towards completion of this requirement. Periods of unemployment or of employment that do not require the use of a advanced practice registered nurse (APRN) license will not apply to this period and will not count towards completion of this requirement. Further, Respondent may not work as a registered nurse (RN) or a vocational nurse (LVN) license, as applicable, while under the terms of this Order.

While under the terms of this Order, RESPONDENT SHALL notify all future employers, practice sites and/or credentialing agencies in nursing and present a complete copy of this Order, including all attachments, if any, to each future employer, practice site and/or credentialing agency in nursing prior to accepting an offer of employment and/or assignment.

The supervising Advanced Practice Registered Nurse or Physician shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. If being supervised by an Advanced Practice Registered Nurse, the supervising APRN must be in the same advanced role and population focus area as Respondent. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT be self-employed or contract for services. Multiple employers are prohibited.
  
- D. **Nursing Performance Evaluations:** RESPONDENT SHALL CAUSE each supervising Advanced Practice Registered Nurse or Physician to submit, on forms provided to the Respondent by the Board, periodic reports as to RESPONDENT'S capability to practice nursing. These reports shall be completed by the Advanced Practice Registered Nurse or Physician who supervises the RESPONDENT and these reports shall be submitted by the supervising Advanced Practice Registered Nurse or Physician to the office of the Board at the end of each three (3) month quarterly period for four (4) quarters [one (1) years] of employment as a nurse.

V. **DRUG AND ALCOHOL RELATED REQUIREMENTS**

- A. While under the terms of this Order, RESPONDENT SHALL **abstain from the use of alcohol, tramadol and all controlled substances,** except as prescribed by a licensed practitioner for a legitimate purpose. If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. The performing evaluator must submit a written report meeting the Board's requirements to the Board's office within thirty (30) days from the Board's request.

B. While working as a nurse under the terms of this Order, RESPONDENT SHALL submit to random periodic screens for alcohol, tramadol, and controlled substances. The Board will provide instructions on how to enroll in the Board's drug and alcohol testing program following the entry of this Order and screening will begin when Respondent obtains employment and submits the Notification of Employment form to the Board.

- For the first three (3) month [1<sup>st</sup> quarter] period RESPONDENT works as a nurse under the terms of this Order, random screens shall be performed at least once per week.
- For the next three (3) month [2<sup>nd</sup> quarter] period, random screens shall be performed at least twice per month.
- For the next six (6) month period [3<sup>rd</sup> & 4<sup>th</sup> quarters], random screens shall be performed at least once per month.
- For the remainder of the probation period, if any, random screens shall be performed at least once every three (3) month quarterly period.

All random screens SHALL BE conducted through urinalysis. Screens obtained through urinalysis are the sole method accepted by the Board. Any test result for a period of time in which the RESPONDENT is not working as a nurse under the terms of this Order will not count towards satisfaction of this requirement. All screens shall be properly monitored and produced in accordance with the Board's policy on Random Drug Testing. A complete chain of custody shall be maintained for each specimen obtained and analyzed. RESPONDENT SHALL be responsible for the costs of all random drug screening during the stipulation/probation period.

Specimens shall be screened for at least the following substances and their metabolites:

|                                 |               |
|---------------------------------|---------------|
| Amphetamines                    | Meperidine    |
| Barbiturates                    | Methadone     |
| Benzodiazepines                 | Methaqualone  |
| Cannabinoids                    | Opiates       |
| Cocaine                         | Phencyclidine |
| Ethanol                         | Propoxyphene  |
| tramadol hydrochloride (Ultram) |               |

A Board representative may appear at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

Consequences of Positive or Missed Screens. Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary

action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the same as a positive result or refusal to submit to a drug or alcohol screen.

**VI. RESTORATION OF UNENCUMBERED LICENSE(S)**

Upon full compliance with the terms of this Order, all encumbrances will be removed from PETITIONER'S license(s) to practice nursing in the State of Texas and PETITIONER may be eligible for nurse licensure compact privileges, if any.
