After Respondent's arrival to work, she was taken to Concentra for a drug and alcohol screening. The breathalyzer test and urine specimen resulted negative.

V. **DRUG AND ALCOHOL RELATED REQUIREMENTS**

A. While under the terms of this Order, RESPONDENT SHALL abstain from the use of alcohol, tramadol and all controlled substances, except as prescribed by a licensed practitioner for a legitimate purpose. If prescribed, RESPONDENT SHALL CAUSE the licensed practitioner to submit a written report identifying the medication, dosage and the date the medication was prescribed. The report shall be submitted directly to the office of the Board by the prescribing practitioner, within ten (10) days of the date of the prescription. In the event that prescriptions for controlled substances are required for periods of two (2) weeks or longer, the Board may require and RESPONDENT SHALL submit to a pain management and/or chemical dependency evaluation by a Board approved evaluator. The performing evaluator must submit a written report meeting the Board's requirements to the Board's office within thirty (30) days from the Board's request.

B. While working as a nurse under the terms of this Order, RESPONDENT SHALL submit to random periodic screens for alcohol, tramadol, and controlled substances. The Board will provide instructions on how to enroll in the Board's drug and alcohol testing program following the entry of this Order and screening will begin when Respondent obtains employment and

submits the Notification of Employment form to the Board.

- For the first three (3) month [1st quarter] period RESPONDENT works as a nurse under the terms of this Order, random screens shall be performed at least once per week.
- For the next three (3) month [2nd quarter] period, random screens shall be performed at least twice per month.
- For the next six (6) month period [3rd & 4th quarters], random screens shall be performed at least once per month.
- For the remainder of the probation period, random screens shall be performed at least once every three (3) month quarterly period.

All random screens SHALL BE conducted through urinalysis. Screens obtained through urinalysis are the sole method accepted by the Board. Any test result for a period of time in which the RESPONDENT is not working as a nurse under the terms of this Order will not count towards satisfaction of this requirement. All screens shall be properly monitored and produced in accordance with the Board's policy on Random Drug Testing. A complete chain of custody shall be maintained for each specimen obtained and analyzed. RESPONDENT SHALL be responsible for the costs of all random drug screening during the stipulation/probation period.

Specimens shall be screened for at least the following substances and their metabolites:

Amphetamines	Meperidine
Barbiturates	Methadone
Benzodiazepines	Methaqualone
Cannabinoids	Opiates
Cocaine	Phencyclidine
Ethanol	Propoxyphene
tramadol hydrochloride (Ultram)	

A Board representative may appear at the RESPONDENT'S place of employment at any time during the probation period and require RESPONDENT to produce a specimen for screening.

Consequences of Positive or Missed Screens. Any positive result for which RESPONDENT does not have a valid prescription or refusal to submit to a drug or alcohol screen may subject RESPONDENT to further disciplinary action, including TEMPORARY SUSPENSION pursuant to Section 301.4551, Texas Occupations Code, or REVOCATION of Respondent's license(s) and nurse licensure compact privileges, if any, to practice nursing in the State of Texas. Further, failure to report for a drug screen, excessive dilute specimens, or failure to call in for a drug screen may be considered the

same as a positive result or refusal to submit to a drug or alcohol screen.

- C. While under the terms of this Order, RESPONDENT SHALL attend at least two (2) support group meetings each week, one of which must be for substance abuse and provided by Alcoholics Anonymous, Narcotics Anonymous, or another comparable recovery program that has been pre-approved by the Board. RESPONDENT SHALL provide acceptable evidence of attendance. Acceptable evidence shall consist of a written record of at least: the date of each meeting; the name of each group attended; and the signature and printed name of the chairperson of each group attended by RESPONDENT. RESPONDENT SHALL submit the required evidence on the forms provided by the Board at the end of every three (3) month quarterly period. No duplications, copies, third party signatures, or any other substitutions will be accepted as evidence.

VI. FURTHER COMPLAINTS

If, during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

VII. RESTORATION OF UNENCUMBERED LICENSE(S)

Upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

VIII. SUPERCEDING ORDER

IT IS FURTHER AGREED and ORDERED that the sanction and conditions of this Order SHALL supercede all previous stipulations required by any Order entered by the Texas Board of Nursing.

issued to LISA LARUE BURCH § PEER ASSISTANCE PROGRAM

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LISA LARUE BURCH, Registered Nurse License Number 743190, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(12) and 301.453, Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered under the authority of Section 301.466(d), Texas Occupations Code, and approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on September 30, 2013.

6. At the time of the incident, Respondent was employed as a Registered Nurse with Weston Inn Healthcare Center, Temple, Texas, and had been in this position for eight (8) months.
7. On or about February 28, 2013, while employed with Weston Inn Healthcare Center, Temple, Texas, Respondent lacked fitness to practice professional nursing in that she called said facility stating that she would be late for her shift because she took Phenergan and overslept from a nap. When Respondent arrived to work she exhibited an unsteady gait, was shaking and crying, and appeared confused and disheveled. Respondent had slow responses, slurred and broken speech, and was unable to complete a coherent sentence. Subsequently, Respondent stated she took Hydrocodone the previous night for nausea, vomiting and diarrhea. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she came to the decision that being on pain medication for years was not ideal for anyone, especially a health professional. Respondent subsequently informed the Texas Board of Nursing by letter that she started a counseling and rehabilitation program at Cenikor in Waco, Texas. Respondent stated that she had some issues with depression and pain, and added that she is off the medication and learning, with their assistance, to cope with pain in other ways.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
11. Respondent's conduct as described in the preceding Finding(s) of Fact resulted from or was significantly influenced by Respondent's substance use disorder.
12. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(E),(4),(5)&(10)(A).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(12), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 743190, heretofore issued to LISA LARUE BURCH, up to, and including, revocation of Respondent's license(s) to practice nursing in the State of Texas.
5. The Board may, in its discretion, order a nurse to participate in a peer assistance program approved by the Board if the nurse would otherwise have been eligible for referral to peer assistance pursuant to Section 301.410, Texas Occupations Code.
