Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.

10. On or about October 13, 2016, through November 12, 2016, while employed with Palo Pinto General Hospital, Mineral Wells, Texas, Respondent removed thirty-three (33) Hydromorphone 2mg/ml injections, twenty (20) Meperidine 100mg/ml injections, five (5) Hydrocodone 10/325mg tablets, five (5) Alprazolam 0.25mg tablets, four (4) Hydrocodone 7.5/325mg tablets, three (3) Hydromorphone 4mg tablets, three (3) Temazepam 15mg capsules, two (2) Diazepam 2mg tablets, one (1) Tylenol 3 tablet, and one (1) Lorazepam 1mg tablet, from the medication dispensing system for patients, but failed to follow the facility's policy and procedure for wastage of the unused portions of the medications. Respondent's conduct left medications unaccounted for, was likely to deceive the hospital pharmacy, and placed the pharmacy in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
11. On or about October 13, 2016, through November 12, 2016, while employed with Palo Pinto General Hospital, Mineral Wells, Texas, Respondent misappropriated, or failed to take precautions to prevent the misappropriation of Meperidine, Hydrocodone, Hydromorphone, Alprazolam, Temazepam, Tylenol 3, Diazepam, and Lorazepam, from the facility and patients thereof. Respondent's conduct was likely to defraud the facility and patients of the cost of the medications.

On or about October 28, 2016, and November 9, 2016, while employed with Palo Pinto General Hospital, Mineral Wells, Texas, Respondent removed Hydromorphone 2mg/ml injections from the medication dispensing system for Patients MW and TL, in excess frequency and/or dosage of the physician's order. Respondent's conduct was likely to injure the patient in that the administration of Hydromorphone in excess frequency and/or dosage of the physician's order could result in the patients suffering from adverse reactions. Additionally, Respondent's conduct placed the hospital in violation of Chapter 481 (Controlled Substances Act) of the Texas Health and Safety Code.
13. Following the incidents outlined in Findings of Fact Numbers Eight (8) through Twelve (12), Respondent was evaluated at the direction of the Texas Peer Assistance Program for Nurses (TPAPN). The results of the evaluation suggested Respondent would benefit from enrollment in TPAPN.

Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 746412 §
issued to AMBER LARK HOBBS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of AMBER LARK HOBBS, Registered Nurse License Number 746412, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on February 3, 2012, by Katherine A. Thomas, MN, RN, FAAN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Tarrant County Junior College, Fort Worth, Texas, on May 10, 2007. Respondent was licensed to practice professional nursing in the State of Texas on August 28, 2007.
5. Respondent's professional nursing employment history includes:

04/07 - Present	Intern RN	Huguley Memorial Medical Center Burleson, Texas
-----------------	-----------	--

Respondent's professional nursing employment history continued:

05/07 - Present	GN/RN	Huguley Memorial Medical Center Burleson, Texas
01/11 - Present	RN	Southwest Home Health Services Fort Worth, Texas

6. At the time of the initial incident, Respondent was employed as a registered nurse with Huguley Memorial Medical Center, Burleson, Texas, and had been in this position for three (3) years and four (4) months.
7. On or about December 15, 2010, while employed with Huguley Memorial Medical Center, Burleson, Texas, Respondent engaged in the intemperate use of hydrocodone and morphine in that she produced a specimen for a random urine drug screen which resulted positive for hydrocodone and morphine. Unlawful possession of morphine is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of hydrocodone and morphine by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patients' conditions, and could impair ~~the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and~~ decisions regarding patient care, thereby placing the patients in potential danger.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states:

"I had a current prescription for the hydrocodone, but did not have a prescription for the morphine. The day we were randomly drug tested, there was a discrepancy in the pyxis for Xanax which no one could account for, so everyone was randomly drug tested. I currently suffer from back pain due to a bulging disc of L4-L5, and require pain medication at times. On December 13th, I left work and went directly to a get-together at a friend's house. I was really struggling with my back pain that evening but did not have my hydrocodone prescription with me because I had left it at home that morning. I was desperate for some pain relief, so I took one tab of my husband's prescription morphine. I had never used this medication before this incident, nor do I abuse drugs. I understand that I was wrong to take a non-prescribed medication and I do accept responsibility for my actions. I have never had discrepancies against me, nor have I even been in this type of situation. I have never taken any of my prescription medication on the job, and I value my work and my career. Huguley hospital required that I check myself into a substance abuse program which I have completed."
9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(4),(10)(A),(10)(D)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 746412, heretofore issued to AMBER LARK HOBBS, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
