BEFORE THE TEXAS BOARD OF NURSING

In the Matter of § AGREED
Vocational Nurse License Number 208425 §
issued to ORADELL MARIE THOMAS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ORADELL MARIE THOMAS, Vocational Nurse License Number 208425, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on April 10, 2017.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status.
4. Respondent received a Certificate in Vocational Nursing from Lamar State College, Port Arthur, Texas, on December 15, 2006. Respondent was licensed to practice vocational nursing in the State of Texas on January 30, 2007.
5. Respondent's nursing employment history includes:

1/2007-12/2015	Licensed Vocational Nurse	University of Texas Medical Branch- Correctional Managed Care Conroe, Texas
----------------	---------------------------	--

Respondent's nursing employment history continued:

1/2016-Present Unknown

6. At the time of the incidents, Respondent was employed as a Licensed Vocational Nurse with the University of Texas Medical Branch- Correctional Managed Care, Conroe, Texas, and had been in that position for eight (8) years and one (1) month.
7. On or about February 22, 2015, while employed as a Licensed Vocational Nurse with the University of Texas Medical Branch- Correctional Managed Care, Conroe, Texas, and assigned to the Richard P. LeBlanc Unit, Respondent exceeded her scope of practice when she failed to initiate the Standing Delegation Orders for chest pain when Patient Number 562134, who had a history of hypertension and coronary artery disease, presented to the clinic with complaints of chest pain and heartburn. Respondent failed to notify the provider and registered nurse (RN), and instead completed an electrocardiogram (EKG), which was abnormal; administered calcium carbonate; and released the patient from the clinic. Respondent's conduct was likely to injure the resident from ineffective treatment.
9. On or about February 22, 2015, while employed as a Licensed Vocational Nurse with the University of Texas Medical Branch- Correctional Managed Care, Conroe, Texas, and assigned to the Richard P. LeBlanc Unit, Respondent falsely documented in the medical record of the aforementioned Patient Number 562134 that she consulted the RN about the protocol and care she provided. Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent care givers would not have accurate and complete information on which to base their care decisions.
10. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that the patient presented to the clinic crawling on his hands and knees with complaint of "chest pain or heartburn" with a 10/10 pain. Respondent states that she performed an EKG and checked the patient's chart, seeing that he was recently seen by the physician and diagnosed with reflux disease and a hiatal hernia. Respondent states that since the complaints were the same as what he saw the physician for, she agreed with the patient on his assumption of heartburn, and then carried out the heartburn/indigestion protocol. Respondent states that the patient's midline epigastric pain resolved after being given calcium carbonate and he had no complaints of sweating, shortness of breath, numbness/tingling, or radiating chest pain. Respondent adds that when she did the EKG, she did not realize that she initiated Standard Delegated Orders for chest pain, and takes responsibility for not calling the on-call provider with the results of the EKG. Respondent states that she did the other protocol for heartburn/indigestion and did not notify the registered nurse. Respondent states that since starting on that unit, the standard was to document "conferred with charge nurse" for sick call responses, and the charge nurse told her it was alright to do routine protocols under her name.

11. On October 28, 2015, Respondent successfully completed a Board approved course in Texas Nursing Jurisprudence and Ethics, which would have been a requirement of this Order.
