Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on June 8, 2017.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived notice and hearing, and agreed to the entry of this Order.
3. Respondent's license to practice as a vocational nurse in the State of Texas is in current status. Respondent's license to practice as a professional nurse in the State of Texas is in current status.

A copy of the Findings of Fact, Conclusions of Law, and Order, dated August 4, 2009, is attached and incorporated, by reference, as part of this Order.

7. At the time of the first incident, Respondent was employed as a Registered Nurse with Kelsey Seybold Clinic, Pearland, Texas, and had been in that position for one (1) year and six (6) months. At the time of the incidents referred to in paragraph Nos. 9 and 10, Respondent was employed as a Registered Nurse with the East Houston Regional Medical Center, Houston, Texas.

8. On or about September 19, 2014, while employed as a Registered Nurse with Kelsey-Seybold Clinic, Pearland, Texas, Respondent attempted to pass an unauthorized, fraudulent telephonically communicated prescription for Promethazine with Codeine Syrup at Walgreens Pharmacy, Houston, Texas, under the name "Nurse Mishell", using the name and Drug Enforcement Agency (DEA) Number assigned to Azam Kundi, M.D. Additionally, Respondent admitted to calling in the fraudulent prescription to her coworkers. 9. On or about August 10, 2016, while employed as a Registered Nurse at the East Houston Regional Medical Center, Houston, Texas, Respondent withdrew one tablet of Norco, 10/325 mg., from the medication dispensing system for a patient, but failed to document and/or completely and accurately document the administration of this medication in the patient's Medication Administration Record and/or nurses' notes.

The use of Oxazepam by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing a patient in potential danger.
11. In response to Finding of Fact Number Eight (8), Respondent admits she inappropriately and without proper authorization called in a prescription for Promethazine with Codeine Syrup. Respondent states she was strong-armed by her husband to do so, and asserts the medicine was intended for therapeutic purposes, not recreational ones. In response to Finding of Fact No. 10, Respondent states that she took some Valium that a family member had given her.
12. Formal Charges were filed on March 7, 2016.
13. Formal Charges were mailed to Respondent on March 15, 2016.
14. First Amended Formal Charges were filed on February 14, 2017.
