7. On or about February 28, 2013, Respondent submitted a renewal application to the Texas Board of Nursing in which she provided false, deceptive, and/or misleading information, in that she answered "no" to the following question:

"Have you, within the past 24 months or since your last renewal, for any criminal offense, including those pending appeal:

- A. been convicted of a misdemeanor?
- B. been convicted of a felony?
- C. pled nolo contendere, no contest, or guilty?
- D. received deferred adjudication?
- E. been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
- F. been sentenced to serve jail or prison time? court-ordered confinement?
- G. been granted pre-trial diversion?
- H. been arrested or have any pending criminal charges?
- I. been cited or charged with any violation of the law?
- J. been subject of a court-martial; Article 15 violation; or received any form of military judgment/punishment/action?"

Respondent failed to disclose that on or about September 29, 2011, she entered a plea of Guilty and was convicted of DRIVING WHILE INTOXICATED, a Class B misdemeanor offense, committed on February 11, 2011, in the County Court at Law 1 of Collin County, Texas, under Cause No. 001-82726-2011.

8. On or about February 13, 2014, Respondent entered a plea of Nolo Contendere to PUBLIC INTOXICATION, a Class C misdemeanor offense committed on November 17, 2013, in the Municipal Court of Frisco, Texas, under Cause No. 225155-1. As a result of the plea, the proceedings against Respondent were deferred, without entering an adjudication of guilt, and Respondent was placed on probation for a period of ninety (90) days and ordered to pay a fine and court costs.
9. In response to Findings of Fact Numbers Six (6) through Eight (8), Respondent states that in regard to the February 27, 2011 renewal, the results had not been received for her blood test and she believed that she was innocent to a potential DWI charge. Respondent states that on February 28, 2013, she was caring for a terminally ill child and when she finally found time to renew her license, it was near expiration. Respondent states if she had answered 'yes,' she would not have been able to renew online, thereby causing her license to expire and preventing her from caring for the patient during the last days of his life.
10. On or about August 27, 2014, Respondent underwent a Chemical Dependency Evaluation

by Jim Womack, Ph.D. Doctor Womack suggests that Respondent be required to undergo random alcohol testing for one year with a no tolerance policy. Dr. Womack states that should the Texas Board of Nursing determine greater intervention is required to assure that Respondent does not deteriorate and become a danger to her patients, then marital therapy is recommended to address what may be the principal stressor(s) in her life. Dr. Womack adds that an alcohol relapse prevention program versus an AA model of intervention is recommended should greater intervention be required.

11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
12. Formal Charges were filed on July 7, 2014.
13. Formal Charges were mailed to Respondent on July 14, 2014.
